**AJAX-PICKERING** - A 23-year-old Ajax woman was killed in a two-vehicle collision in Pickering late Monday night.

Nicole Johnson of 30 Jacwin Cres. died of multiple injuries suffered in the accident, which occurred around 9:50 p.m.

She was travelling westbound on Bayly St. and turning left onto Sandy Beach Rd. when she struck a pick-up truck travelling eastbound on Bayly St.

The driver of the truck was uninjured. Charges aren't expected.

## Two hospitalized after pet euthanizer stolen

**AJAX-PICKERING** - Two men are in hospital with a suspected drug overdose following a Monday night break-in at a pet clinic where thieves stole a drug used to put down animals.

Durham Regional Police can't say whether the men used the euthanol or any of the other stolen drugs until blood test results come back.

Police say a witness saw the two men get into a van at Ajax Animal Hospital at 369 Finley Ave. around 9:30 p.m. and followed them westbound on Hwy. 401 to Whites Rd.

The pair headed to Hwy. 2, hit a ditch and headed eastbound back onto the 401 to Harwood Ave.

The witness continued following the van being driven "very erratically" westbound on Hwy. 2.

The vehicle then drove off the road into the south ditch across from the Pickering police station.

Staff Sgt. Sandy Ryrie says the witness tried to assist the men but they wouldn't listen.

The witness then ran across the road to get police.

Two officers helped the men out of the vehicle and across the road to the police station.

When the van was checked, police found a quantity of drugs, syringes and other items that "appeared to have been stolen", says Staff Sgt. Ryrie. The plates on the van were also stolen.

Two men, aged 37 and 33 and both of Toronto, were taken by ambulance to Ajax-Pickering General Hospital.

The men were recovering in hospital Tuesday.

No charges have yet been laid.

## Dump protesters block trash trucks

By **MARIANNE TAKACS**

**PICKERING** - About 60 protesters of a present dump and a future landfill here blocked trucks hauling garbage to the Brock West trash pit Tuesday morning.

The protest organized by Pickering-Ajax Citizens Together (PACT) for the Environment was designed to once again express opposition to the continued use of Brock West and the opening of a new dump beside it.

"What we're trying to do is bring the issue to the forefront again," said PACT chairman Lloyd Thomas.

**'How can you build a dump beside one that's so strained?'**  
 - PACT chairman  
 Lloyd Thomas

PACT wants the Brock West landfill closed, claiming it's been over-filled, is leaking, and poses a health hazard.

Photo, another story / Pg. A3

And, the environmentalists want to halt the so-called EE11 dump, picked by the Province's Interim Waste Authority to handle Durham's trash once Brock West is shut.

"How can you build another dump directly north of (Brock West) when this site is so stressed and strained now?" asked Mr. Thomas as protestors gathered at the entrance to the dump on the Third Concession just west of Brock Rd.

Mr. Thomas maintained he was satisfied with the turnout, considering it was a Tuesday morning. The day was chosen because there's usually a lot of truck traffic to the dump then.

# Teen grabs for cop's gun in 'violent' bar scuffle

PICKERING - A Pickering teenager grabbed for an officer's gun during a scuffle inside a bar Sunday morning.

Three Durham Regional Police officers were on duty at Elusions on Athol St. in Oshawa when they were alerted to a problem around 2:15 a.m. by the club's bouncers.

An intoxicated man refused to leave the premises and bar staff was having a hard time trying to remove him, says Staff Sgt. Sandy Ryrice.

"He became very aggressive with the staff and police were summoned to assist,"

During the scuffle, the youth grabbed for an officer's gun and started pulling on the butt of the revolver.

Fortunately, because of the safety mechanism on the holster, he couldn't

get the gun out, says Staff Sgt. Ryrice. "There was a very violent struggle involved and he was handcuffed."

An 18-year-old Major Oaks Rd. youth was charged with assault police, assault with intent to resist arrest and intoxication in a public place.

## Dump fight funds from IWA 'not nearly enough,' say landfill foes

By MARIANNE TAKACS  
Staff Reporter

PICKERING - The Town and environmentalists both got money Monday to fight a new dump being planned here, but they aren't feeling particularly grateful.

"Everything helps, but it isn't nearly enough," says Bill Parish, chairman of the legal committee for Pickering-Ajax Citizens Together (PACT) for the Environment.

"It's nowhere near enough," says Pickering mayor Wayne Arthurs. "It's interesting they can spend \$50 million on the process and municipalities are provided with such paltry sums."

PACT has been allotted slightly under \$160,000 from the Interim Waste Authority (IWA), and the Town has been granted \$85,000.

The money is to be spent on reviewing the work of the Interim Waste Authority (IWA), a crown corporation set up by the Province to deal with Ontario's waste crisis, in part by selecting new landfill sites, including the locale for the proposed Pickering dump.

# Abused minority women not served well: survey

By JOAN RANSBERRY  
Durham Staff

DURHAM - Abused women of minorities believe they're not being served well in Durham, a study shows.

Community Consultation on Violence Against Women has released a 101-page report linked to a study recently carried out in Durham, Peterborough, Northumberland and Haliburton which surveyed female natives, immigrants, racial minorities, rural residents and the disabled.

The study was commissioned by The Four Shelter committee, representing area shelters and outreach agencies, including Durham's Denise House.

Women from diverse backgrounds told consultants Rahder and Associates about their experiences with services in Durham and what was helpful and what was not.

The consultants asked what barriers the women had faced when they tried to get help and asked what services the women felt they needed.

Most of the women interviewed related that they felt excluded from the service system, saying that caregivers

here do not respond well to their needs and that the police, the clergy and therapists were less than understanding.

The women's comments included:

□ "I had one counsellor I liked and one I didn't. The second one was making judgments about me. Neither was native. I would have preferred a native counsellor."

□ "I went to a priest for marriage counselling after my husband beat me. He (the priest) told me, 'God sent that to you to bear.' He told me to go home."

□ "I wouldn't say what was going on, otherwise we would go home and I'd get beaten up. Or I look like a wing-nut while he's cool, calm and collected."

□ "I called Denise House and was told to call back because they had no space. The counsellor did not make any referral to other services."

□ "I stayed at the YWCA. I tried to go to Denise House, but they said I wasn't battered. I've stopped talking 'cause no one listens to me."

□ "I believe cops really do believe these guys. It's a real old boys' network."

□ "They (police) made me feel like an idiot. They seemed to make light of the problem."

The consultants recommend that all systemic barriers be removed, and that employment equity, anti-discrimination, and anti-racist policies and practices be adopted by all agencies serving women at risk. It's suggested all agencies do more networking with diverse communities.

And, it's recommended all agencies serving women at risk develop mechanisms that involve women clients and interested community members in making these agencies directly accountable to their clients and the community.

### Hospital acute care beds still awaiting approval

AJAX-PICKERING - A story in the Feb. 23 News Advertiser on the Ajax-Pickering General Hospital contained an error.

The story suggested the hospital would open 45 acute care beds this summer. In fact, the hospital does not yet have approval from the ministry of health to do so. A study on the need for acute care beds is currently under way and has not yet been completed.

The News Advertiser regrets the error.

## Time for change

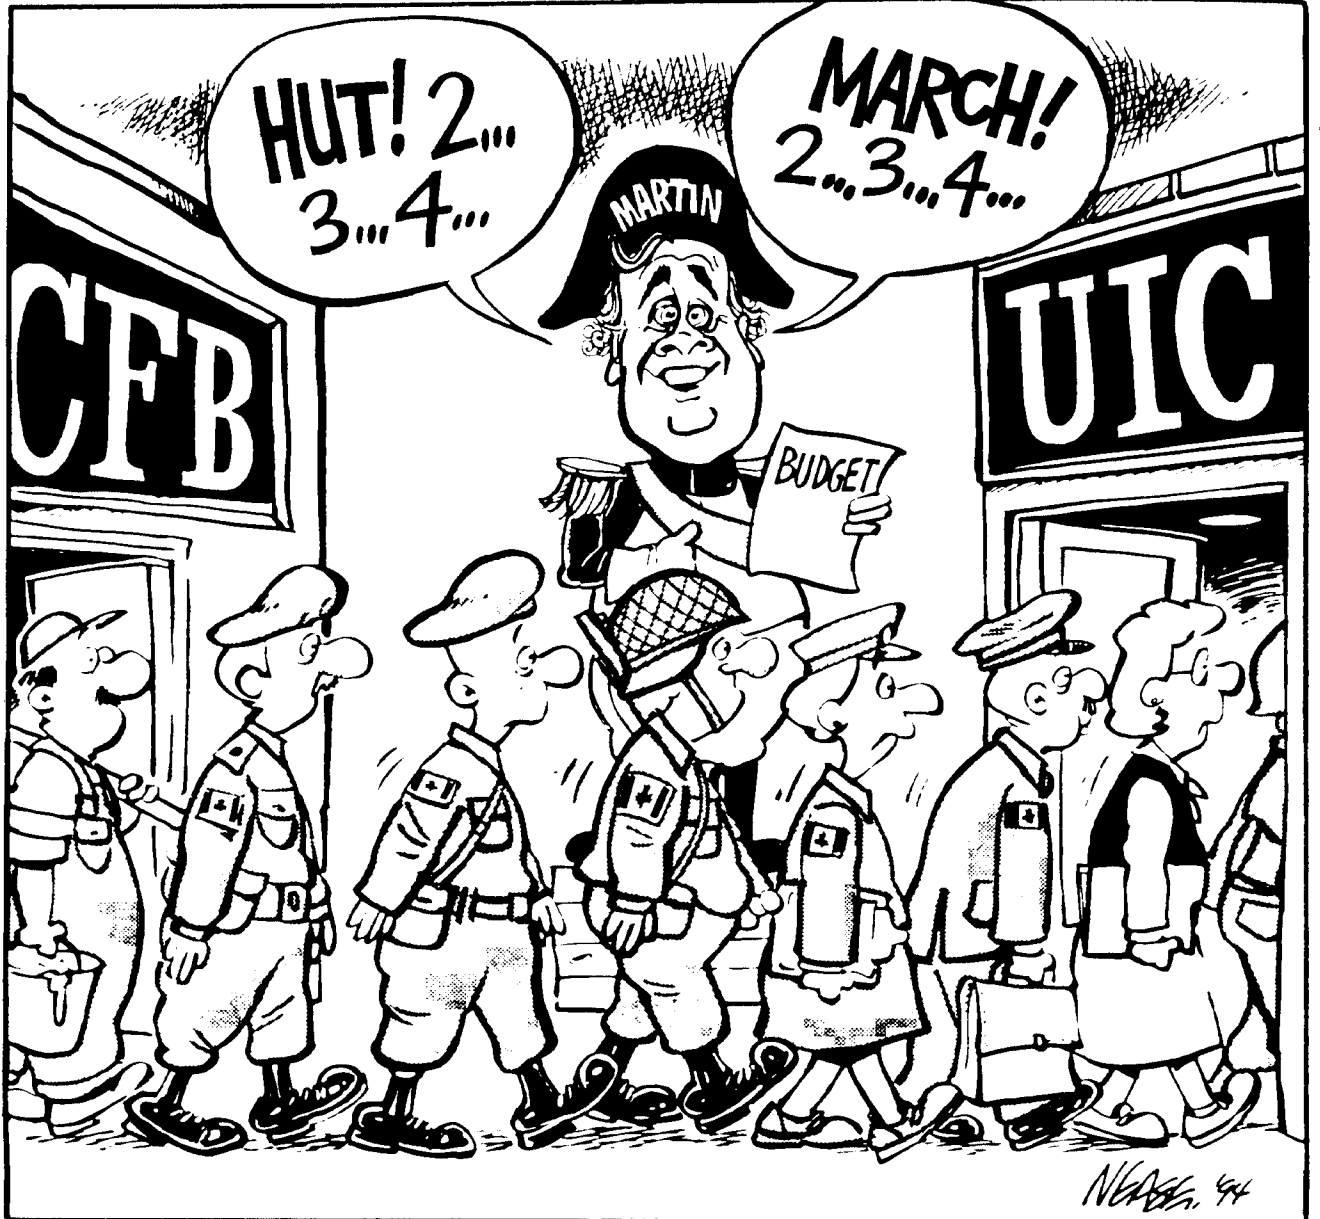

Abuse of women occurs in every community and is not particular to race, country of origin, religion, income, health or sexual orientation.

So consultants Rahder and Associates point out in their introduction to a lengthy report on abused women in Durham Region. Specifically, the consultants looked at the needs of immigrant and racial-minority women, rural women and women with disabilities because "they are among the groups of women whose needs are most often overlooked by the current service system."

The study, commissioned by The Four Shelter Committee for local shelters and outreach agencies, gathered the opinions of 109 women who, collectively, are survivors of incest, sexual, physical and emotional abuse; ritual abuse; teenage prostitution; sexual assault; gang rape, wife assault and more. The consultants' findings are disturbing but sadly, the bottom line comes as no surprise -- people who are supposed to be helping these women are biased and judgmental.

The consultants report that there were more negative comments about the attitude of police than any other service discussed; women complained of biased attitudes among lawyers and judges and poor attitudes on the part of social services staff; most women had unhelpful encounters with the Children's Aid Society; and the majority of women felt "re-abused" by hospital social staff, doctors and psychiatrists. When it came to dealing with the clergy, many said they were told they'd married "for better or worse".

Consultants idealistically recommend that "all systemic barriers" be removed from the service system and that anti-discriminatory policies be adopted. This, of course, is easier said than done and won't guarantee abused women are treated with respect and dignity. The real problem lies within the collective attitudes of society in general and the solution is education and better training of social services personnel. Those abuse survivors could teach us all something. As one of them told consultants, "There is nothing stronger than a bunch of women who have come through hell."

## LETTERS TO THE EDITOR

# Condoms, cartoons and Catholics

To the editor,

Three items on page 6 of your Feb. 18 edition beg a response.

Your condom promoting editorial: You admit condoms can be as little as only 85 per cent effective, yet you recommend this band-aid answer to the grave problem of AIDS. Would you seriously allow your child to board an airplane that had an almost one chance in six of crashing?

The big push should be on teaching children to postpone sex, to say no to

an activity that in less than 10 years could give them a terminal illness.

Your cartoon lampooning the superior court decision against allowing doctor-assisted suicide: It shows a patient attached to numerous tubes, undoubtedly comatose.

If the patient were as far gone as depicted, he would hardly be in a position to commit suicide, assisted or otherwise.

The deliberate taking of his life would there-

fore be a form of murder, somewhat akin to the recorded Nazi program of exterminating sick, physically handicapped and mentally demented persons during the Hitler years. The procedure was justified on "compassion-

ate" grounds.

The letter from "Catholic" Paul Vidlak rapping the Separate School Board for extravagance: He effectively suggests there should be only one school board. This of course would be

the public school board, which, ironically, could take a lesson in economics from the separate board with the latter's much lower tax-dollar allotment per student.

George Heron,  
 Ajax

I would like to let you know the government can move fast.

I would like to thank Dan McTeague and staff for getting it to me fast.

It meant a lot to the couple.

## 1994 MUNICIPAL ELECTION

Are you thinking of running for a position on Council or one of the School Boards in the Municipal Election to be held on November 14th, 1994?

If so, you will be required to file a Notice of Registration with the Town Clerk which basically sets out the office you intend to run for and the names of your Chief Financial Officer, if any, or the names of persons who are authorized to accept contributions on your behalf. Pursuant to the Municipal Elections Act, you must be registered as a candidate before you can spend any money on your campaign or accept campaign contributions. Also, before you are able to be nominated as a candidate and have your name put on a ballot, you must be registered with the municipality.

Notice of Registrations will be accepted by the Town Clerk between January 1st, 1994 and Friday, October 14th, 1994 which is also the last day to be nominated as a candidate. Registration packages are available in the office of the Town Clerk anytime Monday to Friday between 8:30 a.m. and 4:30 p.m.

If you have any questions about the registration process, please contact Bruce Taylor, Town Clerk at 420-4611.

## PROPERTY STANDARDS

The biggest investment most people will make in their lifetime is the purchase of a house and they will make every effort to protect this investment by ensuring that the house is kept in good repair, that the mortgage is paid down and that the house is located in a neighbourhood that is not deteriorating.

The Council of the Town of Pickering has passed a Property Standards By-law that sets minimum standards for all properties in the Town. The purpose of this by-law is twofold; one, to ensure that all buildings are safe and two, that all buildings are reasonably neat and tidy in appearance. Although this by-law is quite long and complex, some of its more commonly used sections read as follows:

- "All yards shall be kept clean and free of rubbish...."
- "Plants, vegetation and grass shall be kept trimmed or maintained so as not to become unsightly to neighboring properties."
- "Every part of a building shall be maintained in a structurally sound condition...."
- "All exterior surfaces that have been previously painted, stained, or varnished shall be maintained in good repair."

These excerpts should show that the Town is serious in ensuring that no homeowner has to endure a neighbor that allows their house to deteriorate to the point where it is unsafe or unsightly and therefore putting their safety and investment at risk.

An important aspect of this By-law that must be considered is that the Town's intent in passing this By-law is to ensure that minimum standards for properties are maintained. One of the most difficult jobs for the By-law Enforcement Staff in dealing with this By-law is to apply their judgment in determining whether or not a property should be considered untidy or unsafe. The old adage that "One man's junk is another man's gold" is very true when dealing with property owners about the condition of their yard.

If you wish to discuss the Property Standards By-law further, please contact the Municipal Law Enforcement Division at 420-4615.

## Super woman wins 4th title in powerlifting

□ Ajacian sets three records in the process

By AL RIVETT  
Sports Reporter

AJAX - An Ajax woman is the four-time Canadian Powerlifting Champion.

Daralyn D'Angelo, 28, broke three national records in capturing her fourth consecutive women's powerlifting title in the 114-pound class in Kitchener-Waterloo Saturday.

D'Angelo placed first in the squat lift at the meet, breaking a Canadian record with a hoist of 138 kilograms (303.6 lbs.) in her second attempt. In her third try, she broke her own record, lifting 140 kilos (308 lbs.).

In the bench press, she hoisted 65 kilos (143 lbs) to place first. She set another national standard in the deadlift, hoisting 155 kilos (341 lbs.).

Her total score for all three events was a combined 360 kilos (792 lbs.), which set

another Canadian standard.

D'Angelo was also named the best female lifter at the Canadian championship, a first for her.

Despite having competed in the sport for six years, D'Angelo even surprised herself by winning the national title again this year.

"I'm getting older, and you would think I would start slowing down a bit, but that obviously isn't the case. I was really happy with my results."

She competed at the 1993 World Powerlifting Championships in Jonkoping, Sweden last November when she placed 15th in the world in the higher 56-kilo (123-lb.) class.

Although she has qualified for the 1994 worlds in New Zealand, she won't be attending because of the long distance and the expense involved.

D'Angelo trains four times a week, for three hours each session at Fit Maxx gym in Pickering.

She plans to compete at the Open Powerlifting championships in Ottawa in August.

Ajax's Daralyn D'Angelo broke three national records en route to her fourth women's crown at the Canadian Powerlifting Championships in Kitchener-Waterloo Saturday. She won the title in the 114-pound weight class and was named best female lifter at the competition.

## Ajax High Rams junior girls in hunt for volleyball crown

AJAX - The Ajax High School Rams junior girls' volleyball team puts its undefeated playoff record on the line at the Durham-York championships at Anderson Collegiate in Whitby today, Wednesday.

The Rams, Durham Region's number-one representative at the Durham-York Secondary School Athletic Association (DYS-SAA) championships, was to meet York Region's Cardinal Carter school in the semi-final contest this morning. A win

would give Ajax High a berth in the championship contest at 1 p.m.

Ajax High advanced to DYSSAA after capturing the Lake Ontario Secondary School Athletics (LOSSA) title at Pine Ridge Secondary School last Thursday.

In the finals, the Rams posted 15-10, 15-10 victories over Anderson. Ajax advanced to the final after disposing of the host Pine Ridge squad 15-1, 15-11.

Winning has been a trend with the Ajax

juniors all season long. The squad was undefeated with a 7-0 mark in LOSSA regular-season play. The Rams also captured titles at the Anderson Collegiate and the Peterborough Collegiate tournaments, along with a silver medal at the Ajax High tourney.

Team members are Ann Judges, Erika Scott, Tania Fylak, Uschi Rudolf, Alichia Murray, Michelle Cooper, Kim Tilden, Jessica Marceau and coach Troy Tudor.

## Fun day marks Annandale's 30th

By JIM EASSON

Special to the News Advertiser

AJAX - Annandale Curling Club celebrated its 30th anniversary with a fun-filled day at the club Saturday.

A committee chaired by Frank Okenka put in a lot of effort to make the reunion a success for past and present curlers. Annandale management was complimented for its support and generosity.

The day included brunch, curling, dinner and dance. Bob Turcotte organized the curling draw of two six-end games. The high points winner was the Bill Goodchild rink. Pat Bolger was vice, Bernie Twyman second and Jean Maloney lead, although they switched positions throughout the games. The wins gave the rink first pick at the prize table.

□ □ □

A former Annandale member is participating at the 1994 Scott Tournament of Hearts, the Canadian Ladies Curling Championship,

in Kitchener-Waterloo which ends Saturday.

Kristin Turcotte of Ajax is an alternate for the Ontario champion Anne Merklinger rink from Ottawa. As the fifth player, she'll probably only curl if one of the other members of the team is sick or injured.

Turcotte won the event in 1990 when she was the vice for the Alison Goring rink.

## Something to celebrate

## Pickering petites golden at own tourney

PICKERING - The Pickering Slo-Sports petite 'A' ringette team struck gold at the 16th annual Pickering Ringette Tournament recently.

Celebrating its 25th year, the Pickering Ringette Association hosted teams from across Ontario and Quebec.

The Slo-Sport petites posted a record of two wins, a tie and a loss in preliminary play — good enough to qualify for the championship contest against Chatham.

Pickering took it to Chatham from the outset en route to a 5-1 win in the title match. Sheila Bergin and Emily Helmer hit the scoresheet twice, with a single to Erica Purdy.

In its first game, Pickering

blanked Whitby by a 6-0 score. Bergin connected for three goals, with one apiece to Jenna Clements, Melanie Curran and Purdy.

Pickering needed a goal by Bergin, her second of the game, in the last minute of play to salvage a 5-5 tie with Stratford in the second game. Other scorers were Helmer with two and Curran with one.

The Slo-Sport petites suffered a 5-1 loss to Chatham in the third game. Emma Wilkinson scored the lone Pickering goal.

In the fourth game, Pickering redeemed itself with an 8-2 victory over Hamilton. Bergin scored a hat trick with Curran and Carrie File netting two apiece. Clements

chipped in with a single.

The defensive foursome of Amanda Deveaux, Carlene Firman, Emma Wilkinson and Helmer, along with goaltender Melissa Meikle, put forth an outstanding performance in the tourney.

Pickering also fared well in the shoot-out competition at the tourney. Helmer and Meikle won the top shooter and top goalie awards, respectively, for the petite 'A' division.

## Panthers' pain persists

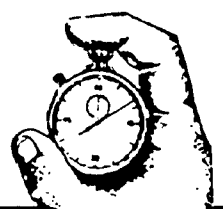

PICKERING - The Pickering Panthers suffered their 39th and 40th losses of the season on the weekend.

The Panthers dropped back-to-back Metro Junior 'A' Hockey League home games to the Kingston Voyageurs and the Oshawa Legionaires.

On Sunday night at the Pickering Recreation Complex, the Panthers were doubled by Oshawa 4-2. Igor Majesky and Eric Wheeler were the Pickering goal scorers.

Kingston proved to be too much for the Panthers at the complex on Friday, blasting the home squad 10-2. Wheeler and Mark Babony connected for Pickering.

The Panthers' league record falls to a miserable three wins, 40 losses and three ties for nine points. They're last in the league's Bauer Division.

## Pickering peewees power their way into next round

PICKERING - The Pickering Fairview Glass peewee 'AA' hockey team powered its way to a series win over Markham in the first round of the Ontario Minor Hockey Association playoffs.

Pickering now advances to the next playoff round against Whitby in a best-of-three showdown.

The Fairview Glass peewees opened the series with a 5-4 victory over Markham, with a last-minute goal proving to be the winner. Scoring for Pickering were Rob Stinson,

Justin Templeman, Trevor D'Ornellas, Jason Bosak and Justin Vertolli. Assisting were Bosak, Stinson, James Langston, D'Ornellas, Templeman and Derek Rogers.

Pickering lost 4-3 in overtime in the second game, despite outshooting Markham 50-30. Templeman scored twice with a single to Langston. Rogers and Allan Hall had two assists each, while Stinson added one.

Pickering won the third game 8-2 to eliminate Markham from the playoffs. Stinson led the way with the natural hat trick, while Vertolli scored twice. Single markers went to Hall, D'Ornellas and Neil Simpson. Assisting were Shane Kanellis, Stinson, Rogers, Joel Civello, David Gillespie, Langston and Bosak.

The peewees got great defensive play from Civello, Doug Carr, Kanellis, Simpson and Steve Papadopoulos and stellar goaltending from Dave Harvey and Lee Cope.

## Pickering bantams split playoff tilts

**PICKERING** - The Pickering Allen's Foods minor bantam 'AA' Panthers reps split the first two games with the Vaughan Rangers in the best-of-five Ontario Minor Hockey Association consolation playoffs.

Pickering dropped game one of the series 4-1. Brian Docherty notched Pickering's only goal with Jeff Hales earning an assist.

In game two, the Panthers held on for a 6-3 victory to knot the series at a game apiece. Pickering held a 4-1 advantage after two periods. However, Vaughan came back with two quick goals early in the final frame to cut the Panthers' lead to 4-3. Pickering iced the victory with two goals late in the period.

Docherty, Bob Cochrane, Jeff Sockett, Brandon Hale, Hales and Chris Jarrett scored for Pickering, with assists to Hales, Docherty, Sockett, Greg Miles, Cochrane and Hale, all with one apiece.

Goalie Aaron Laderman was brilliant in the contest, especially in the third period when Pickering was outshot 13-7.

## Pickering novices exit playoff round

**PICKERING** - The Pickering novice 'BB' Panthers rep hockey team lost the first round of the OMHA playoffs to Markham recently.

Markham won the series three games to one in the best-of-five playoff round.

In the first game, Pickering beat Markham 3-2 in an overtime thriller. Kevin Krasnowski potted the winner in overtime from Adam Murray and Mark McAlister. Daniel Forrester led the Panthers' offence during regulation time, scoring both goals. Assists went to Nicholas Vieira and Murray.

The Panthers dropped game two of the playoff to Markham 4-1. Krasnowski scored the lone Pickering goal, unassisted.

Pickering lost the third game of the series, another overtime debacle, by a 3-1 count. Darryl Flowers scored Pickering's only goal from Brian Campbell and Krasnowski.

In the final game, Pickering was doubled by Markham 4-2. Michael Drew and Campbell scored for Pickering, with assists to Flowers, Vieira and Mark Gosse.

Goaltender Mathew Guyett played well throughout the playoff series, with help from defencemen Eric Ranta, Murray, McAlister and Shawn Dubau.

The Panthers now face Barrie and Orillia in the York-Simcoe round-robin playoff series.

Kmart is proud to announce the 3rd Annual "What On Earth Should We Do?" Poster Contest. More than \$12,000 in prize money is available to creative students in grades 1 through 6.

"The environment is a critical issue for all of us. We want to encourage children to become involved. Importantly, we want to showcase the creative talent in our local communities," says Mark Carriere, director Kmart Sales and Promotions.

This Kmart sponsored program is designed to help teachers provide both a focus and a reward to important environmental projects. Entry is simple. Develop a poster on the environment to address the theme "What On Earth Should We Do?" You can use crayon, oil, water colour etc. Submit your entry to your local Kmart store by March 31. There will be store level winners of \$25 for each of grades 1-2, 3-4 and 5-6. These winners will be eligible for national prizes of \$500. Complete entry details at your local Kmart store.

"We're proud to sponsor this worthwhile project. We want to have a contributing role in raising environmental awareness," explains Ms. Brenda Turino, Project Manager at Kmart.

# Chlorine's effects obscene!

If chlorine is giving birds twisted beaks, what is it doing to us?

For some of the answers, Durham Environment Network (DEN) is sponsoring a discussion on this extremely important issue in Lecture Hall C-113 at Durham College, Simcoe St. N. in Oshawa. Wednesday, March 9 at 7:30 p.m. Guest speaker is Greenpeace's Jay Palter, who'll talk about the problems of chlorine and the fact it poses a severe threat to the ecosystem.

Usually when we think of chlorine, drinking water, sewage treatment and swimming pool disinfectants come to mind. However, these three are only a mere one per cent of the chlorine used. The chemical industry combines chlorine with petrochemicals to create thousands of organochlorine pesticides, plastics, solvents, refrigerants and other chemicals.

Species near the top of the food chain bear the greatest burden. Organochlorines are known to cause birth defects; reproductive, developmental and neurological impairment; cancer; immune suppression; and damage to the liver, kidneys and other organs. At least 177 organochlorines have been found in human tissues and fluids, including fat, breast milk, blood, semen and breath, in Canadians and in Americans. Organochlorines can be passed on from one generation to the next through the placenta. At least 168 organochlorines are

"unequivocally present" in the water, sediments and living tissues of the Great Lakes Ecosystem. Recently, a Virtual Elimination Task Force (VETF) was appointed by an International Joint Commission (IJC) to help phase out chlorine. The VETF mission is to advise the commission on what steps must be taken to reach the Great Lakes Water Quality Agreement goal of "virtual elimination" of persistent toxic substances in the Great Lakes Basin Ecosystem.

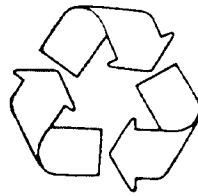

The IJC (a U.S./Canadian treaty organization) says, "Surely there can be no

more compelling self-interest to force us to come to grips with this problem than the specter of damaging the integrity of our own species and its entire environment."

DEN urges anyone interested in child development, health issues, social behavioral problems and environmental concerns to attend. Should chlorine be phased out? Attend this seminar and you be the judge. Lug-a-Mug for coffee or tea.

**TIP:** Vinegar has been used as a cleaner for centuries: full strength, it will make stainless steel surfaces and bathroom fixtures sparkling clean. Dilute with water for cleaning tiles, wiping smears off refrigerators and other appliances, or removing grime and grease. Vinegar is excellent for cleaning windows and mirrors. I hear it's also good on french fries!

Winner of the Vacation Getaway Romantic Story Contest

Feeling shy and blue one November night was reading through your column I came across the great- est ad and no more was so some- one wrote his mailbox number down and hurried to my phone as I listened to his gentle voice I no longer felt so alone.  
 I left a message that very night and hoped that he would call I wondered if he'd like my message and be interest- ed in me at all.  
 He did call back in just three days and we talked for an hour or so we found we were quite compatible so on a date we should go.  
 I went to the restaurant to meet him smiling my nervousness to die he walked in and our eyes met and the sparks began to fly.  
 We learned we had much in common as we talked for quite some time he seemed like that one in a million man we women rarely find.  
 He was a real and true romantic with a kind and caring heart. The next day he sent me roses and that was just the start.  
 Since then he's done so many things to show me he does care he truly treats me like a queen and in good or bad he's there.  
 In his ad he was looking for someone to take a vacation with him but since I was still somewhat wary my chances of going were slim.  
 But as I got to know him better I knew I had nothing to fear. He was the nicest man I'd ever met always honest and sincere.  
 So at Christmas I packed my suitcase and agreed that I would go. It was the best decision I've ever made and our feeling continued to grow.  
 He took me to the sunny south for two weeks in paradise I was wined and dined and romanced beneath the Caribbean stars.  
 It was a wonderful trip for both of us one we won't soon forget and without the help of your column we may have never met.  
 So to all of you at Sincerely Yours many thanks for bringing us together we grow closer with each passing day and we feel it will last forever.  
 Doug & Sheri

## New Higher Contribution Limits

*This the the first of a six-part series of articles which looks at why RRSPs are an increasingly important source of retirement income for Canadians.*

### New higher contribution limits

A few years back, the federal government introduced new RRSP contribution rules which now allow most Canadians to contribute more to their RRSP than in previous years. And for those taxpayers who take advantage of these rules, increased RRSP contributions could result in bigger tax deductions, as well as more tax deferred retirement savings from your RRSPs.

But what's behind these reforms? One explanation is that the federal government believes it has an important responsibility to encourage taxpayers to put more of their own money aside for retirement.

### Aging baby boomers

One reason can be found in the unprecedented number of Canadians who will be reaching retirement age over the next few decades. In fact, in the next few years, it is estimated that almost a third of the population will be over the age of 50.

The shift towards an older population will have a significant impact on the funding of government pension plans. Quiet simply, there will be more retirees drawing on government pensions with fewer people in the work force to fund the government's pension pool. Given this prospect, it's not surprising that Canadians are being encouraged to take more responsibility for their financial security.

### RRSPs can help ensure you have a comfortable future

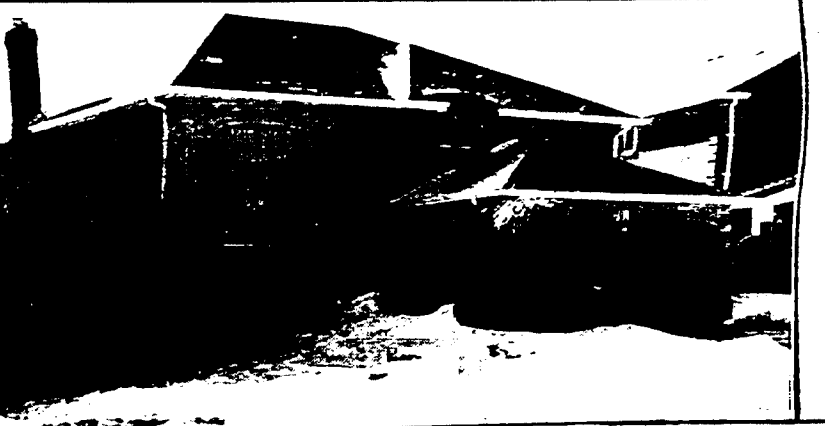

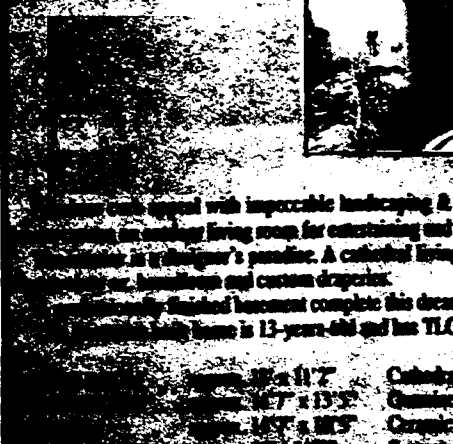

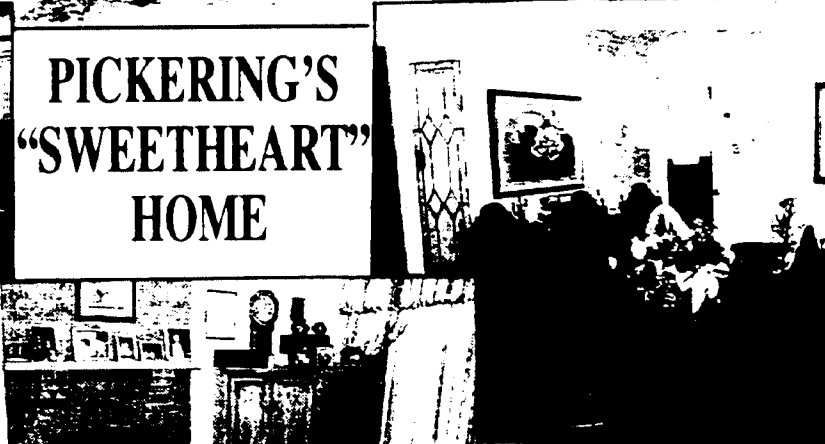

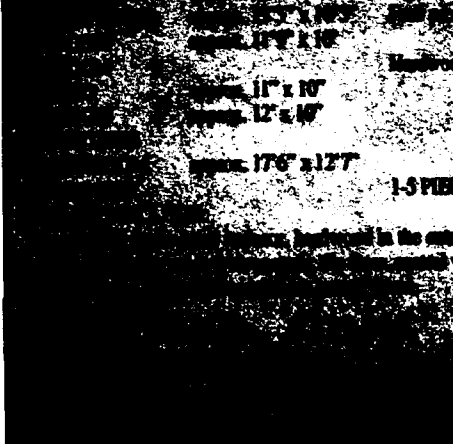

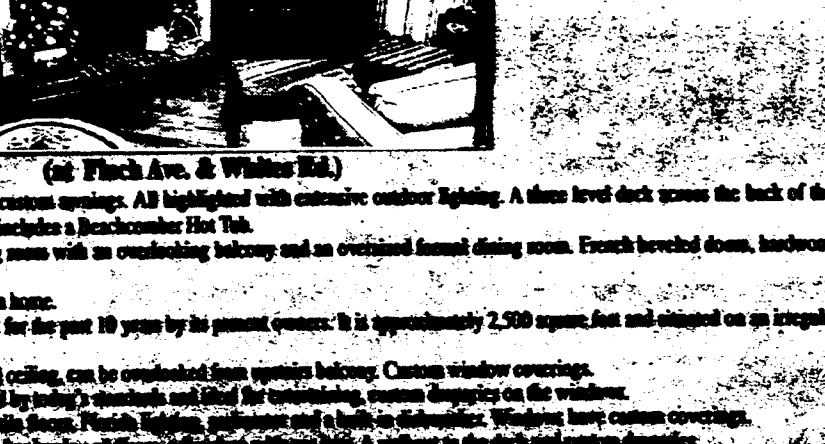

And it seems Canadians are taking heed. A recent Gallup survey indicates that the number of Canadians setting up RRSPs is increasing each year. And what's more, the majority of current RRSP investors expect that their retirement income will come primarily from RRSPs.

### Making the difference with an RRSP

Saving with an RRSP can give you added security at retirement. And contributing to an RRSP can have the added benefit of helping you save money today by providing you with a tax deduction. Not only that, any income earned on your RRSP is sheltered from taxes as long as it stays in your RRSP.

So, if you haven't started an RRSP already, visit your nearest financial institution today. It's never too late to start thinking about your future.
