Naturalists Field Trip

One of the better spots to spend a day birding in winter is the Petroglyphs near Peterborough.

Join the Pickering Naturalists for an all day outing in search of Golden Eagles, Red Crossbills, Gray Jays, Three-Toed Woodpeckers and other winter birds.

Dress Warmly and pack a lunch and thermos. Wear good winter boots and bring skis or snowshoes.

Meet on Sat. Feb. 25th at 7:30 a.m. at the Pickering Municipal Building parking lot on Brock Rd. & Hwy. 2. For more details call 831-1745.

Travel Films

Travel the world at Rouge Hill Library when it presents a variety of interesting travel films for the whole family for five consecutive weeks.

The films are: Mar. 1, "Bike Style", "Grand Canyon" and "Florence"; Mar. 8th, "Invitation to Dream" and "Yukon"; Mar. 15th, "Glacier Water-ton Lakes" and "Magic of Walt Disney World"; Mar. 22nd, "Bavaria Journey in a Blue & White Balloon"; "Bushveld Transvaal" and "Curacao" and Mar. 29th, "Scotland" and "Here's New Zealand".

All programs begin at 7 p.m. are approximately 50 minutes in length. Admission is free.

Rouge Hill Library is located on Rougemount Dr. just south of Hwy. 2 behind Stroud's Foodmarket.

Naturalists Meet Mar. 2

British Columbia's west coast is the theme of the Pickering Naturalist meeting on Thurs. Mar. 2nd at 8 p.m.

Jay Thibert and Bev Hazlett have hiked the west coast trail on southwestern Vancouver Island, and kayaked in the area of the Queen Charlotte Islands and they will share many of their adventures.

The public is invited to attend the meeting which will be held at Rouge Hill Public Library, Rougemount Dr. south of Hwy. 2. For more details call Margaret at 831-1745.

Lisa Flood Leads Local Swimmers At Swim Meets

The Pickering Swim Club had four senior swimmers qualify for the winter national short course swim meet held at the Claude Robillard Sports Complex in Montreal Jan. 28-31. There were 486 swimmers competing from 83 swim clubs across the country.

Lisa Flood the top senior girls swimmer in the club qualified for three events at this national meet, with excellent showing in all events.

The best showing was in the 100 breaststroke. Lisa qualified for eighth place in the finals with a personal best time in the preliminaries. She moved from eighth place to finish fourth with a personal best time of 1:11.01.

Lisa went on to compete in the 50 and 200 breast stroke placing first in the consolation finals in the 50 and third in the 200 consolation again recording personal best times in both events.

Janice Bosak the clubs top back stroker qualified for the first time at this national meet and performed well in the 200 and 100 back stroke.

The Eastern Canada Cup was held at the Etobicoke Olympium recently and was hosted by the Mississauga Aquatic Club. There were clubs from all over Eastern Canada from St. John's to Windsor and North to Sault Ste. Marie.

The Pickering Swim Club had four swimmers qualify for this meet. Lisa Flood who just returned from competing at the nationals had an excellent meet. Because Lisa competed at the Nationals in breast stroke (placing fourth in 200 breast stroke) she could not compete in this stroke. She did not let this stop her from doing her best in the other strokes.

Lisa recorded a personal best time in every stroke. Starting off with 200 IM she dropped four seconds from her time and won a gold medal for her efforts. In the 100 free style she broke the one minute mark with a time of 59.95 and brought home a bronze medal. In the 100 fly Lisa placed seventh and came up with a ninth place finish in the 200 fly.

Janice Bosak also returning from the Nationals in Montreal swam at this meet placing eighth in 100 back stroke in the consolation finals.

Tamsen Sherbanow qualifying for the first time at this meet made a good showing with a seventh place finish and posted a personal best time.

Graeme McBride also posted personal best times in the events. He qualified for 100 fly and free as well as 50 and 200 free, placing second in consolation finals in the 50 free.

Discuss Amnesty Tuesday

One of the most frequently asked questions about Amnesty International concerns its methods of information gathering. How does Amnesty obtain accurate information about prisoners of conscience and human rights abuses that occur in countries where governments operate under a cloak of secrecy and intimidation?

Some of Amnesty's most consistent and valuable sources derive from international relief agencies, such as the International Committee of the Red Cross (ICRC), as a result of their direct contact with prisoners of war.

This will be the topic addressed by guest speaker

complex returns.

The program promises to be a popular one. To avoid disappointment register at the library or phone 286-2576.

Donna Endicott at the next local meeting of Amnesty International. Ms. Endicott is Executive Director of the Toronto Branch of the Canadian Red Cross. Her experience and training enables her to provide an insight into the role of the ICRC in assisting prisoners of war, particularly in third world countries.

Ms. Endicott recently visited the earthquake zone in Armenia, accompanied by a CRCS relief plane, as part of the Red Cross' efforts to assist earthquake victims.

She has also recently attended seminars in Washington and Ottawa on International Delegates' Training and International Humanitarian Law.

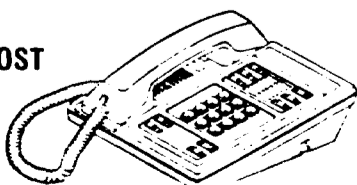

Ms. Endicott will speak to members of Amnesty International, Ajax/Pickering group, on Tues. Feb. 28 at 7:30 p.m. in the Annex of Pickering United Church, located on Hwy. 2 in Pickering Village.

All members of the public are invited to hear and meet Ms. Endicott, and to learn more about the unique work done by Amnesty International. Admission is free and refreshments will be served.

Why Not?

by Bob Watson

The current impasse where Metro ambulances are told not to deliver emergency patients to hospitals because they are loaded and can't handle any more suggests that some change in policy and work loads should be arranged.

According to some reports people have died in ambulances when the driver is trying to get a hospital to accept the patient, and as Metro Councillor Howard Moscoe says most of the people using up space in emergency wards of the hospitals are not as urgent as most of the ones in ambulances.

Perhaps a new approach to this task should be attempted. We all know how stretched hospitals are in caring for patients, and we also know that ambulance drivers can't replace needed medical doctors. So perhaps the answer is to encourage the establishment of medical emergency clinics which would operate from 5 p.m. to 8 a.m. and take emergency cases when hospitals are full.

About Quebec

Dear Editor:

It is my opinion that this issue needs to be examined very carefully by all Canadians. It seems that there has been a mass hysteria created in the Province of Quebec regarding the fear of the loss of the French culture! Have not the Jewish people kept their culture with dedication over the years? They have not done this at the expense or disregard of the average citizen no matter where they lived.

The French authorities in Quebec are denying the average citizen the chance to learn English, the basic universal language. In the meantime, the official elite there send their children to the best private schools where they will become articulate in speaking English.

As well, it is unfortunate for the many immigrants who will be forced to live in Quebec under the present immigration laws and forced to learn French as a second language being given no choice in the matter.

Is this a sample of where our society is heading if we allow any more French nationalist authority to prevail?

Whether the rights of people are collective or individual in a society, it seems that fear is overpowering wisdom in the official seat of Quebec where the French culture is concerned.

It is hoped by many that wisdom will be the major key to solving our French and English problems in our society with the utmost respect and concern for the whole. For information regarding this matter contact Box 100, Barrie, Ontario, L4M 4Y5 or 706-728-8796.

Sincerely

Vona R. Mallory

To Supreme Court

Dear Sir:

A recent ruling by the Ontario Court of Appeal means that a landmark challenge by Merv Lavigne to the use of forced union dues for politicking is likely headed for the Supreme Court of Canada.

Lavigne objects to being compelled through forced union dues to support political causes, such as the NDP, that he opposes. In 1985 Lavigne challenged the constitutionality of this practice in the Supreme Court of Ontario and a year later it ruled in his favour. On Jan. 31, however, the Ontario Court of Appeal overturned that ruling.

The Appeal Court said, in effect, that unions were free to use forced dues to support any cause no matter how extreme. It also said that forcing a worker to pay dues to a union wasn't forcing him to associate with it.

The Financial Post newspaper, in a Feb. 6 editorial, said that these "contortions of reasoning... leave one winded". A Feb. 2 Toronto Sun editorial said that forced dues shouldn't "be used to fund any little cause or political game the union brass want to play". The Globe and Mail also supported Lavigne's position in a lead editorial.

Merv Lavigne is not a quitter and he has vowed to take the case to the Supreme Court of Canada.

For the sake of the fundamental rights and freedoms of all Canadian workers forced to pay dues, we hope that Merv Lavigne's courageous cause prevails.

Sincerely,

David Somerville,
President,
National Citizens' Coalition

Here and There

Spring Home Show

On Mar. 1 to 4 the Spring Home Show at the Metro East Trade Centre will feature a model home by Eaton's, surrounded by a fabulous pool and patio setting by Diplomat Pools, Windridge Landscaping and Seaton Nurseries.

Wed. Mar. 1, is "Women's Day" with a special admission price of \$4. for all women attending that day.

Ontario Public Libraries Receive \$40.5 million

Ontario public libraries will receive \$40.5 million in funding to support library services for the 1989-90 fiscal year, Minister of Culture and Communications Lily Oddie Munro has announced.

The announcement of funding includes direct transfer payments of \$29 million to public libraries. This represents an increase of at least four percent over last year's funding to each library board. It will be calculated on a per household basis, using statistics prepared by the Ministry of Municipal Affairs.

Used Car Performance Award

The 2.8 million member Canadian Automobile Association presented the CAA Used Car Performance Award for 1989 to Toyota Canada. The award went to Toyota this year for the Corolla, model years 1986, 1987, and 1988.

Now in its seventh year, the award has been won by Toyota on five other occasions, attesting to Toyota owner's high regard for their vehicles. This is the fourth year the Corolla captured the CAA Award, while the Celica won in 1984 and the Camry in 1988. In 1986, the award was won by Honda Canada Inc. for its Prelude model.

Funding For Innovative Training Video

The Coalition of Visible Minority Women will produce a training video for its membership with the help of a \$35,000 grant. The grant to this provincial umbrella organization, representing immigrant and visible minority women, is from the Ministry of Citizenship's Community Project Grants (CPG) program.

\$217,920 For Children's Book Centre

A grant of \$217,920 will enable the Canadian Children's Book Centre (CCBC) to renovate its new home, announced Bob Wong (MPP - Fort York).

The renovations to the Victorian semi-detached home, located at 35 Spadina Rd., Toronto, will also provide the CCBC with an expansion of program space. Metropolitan Toronto owns the building and will lease it to the CCBC for \$1 per year for ten years. This arrangement was made on the condition that the centre undertake to renovate the building.

Grant For Community Workshops

A grant of \$30,000 will enable the Ukrainian Canadian Committee (UCC) to hold community workshops throughout the province.

Speaking on behalf of Citizenship Minister Gerry Phillips, David Fleet MPP High Park-Swansea, said, "This grant recognizes the partnership shared by the Ministry of Citizenship and the Ukrainian Canadian Committee in serving Ontario's multicultural population."

Grant For Interpreter

Toronto's Barbra Schlifer Commemorative Clinic will expand its cultural interpreter services for immigrant victims of wife assault with the help of a \$25,843 grant, the Honourable Bob Wong (MPP - Fort York) has announced.

Air Canada Cup

A record 500 athletes will meet in Fredericton, New Brunswick from Apr. 3-8, to participate in the 11th Canadian Ringette Championships for the Air Canada Cup. The championships sponsored since 1988 by Air Canada, provide an exciting forum for the best in national Ringette competition in three age divisions - Junior, Belle and Deb.

This year, 31 teams from all ten provinces and the Northwest Territories will compete in round robin playoff format for bronze, silver and gold medals. Going into the championships, Ontario will be the defending team in the Deb (18 and over) division, Alberta in the Belle (17 and under), and Saskatchewan in the Junior (14 and under) divisions.

Statfacts...

Microwave ovens have gained popularity almost as quickly. Just 5% of households had them in 1979. In 1987 it was 43%.

The "saturation" level (90% of households) was reached for television sets in the mid 1960s. Now 47% of households have two TV sets and 98% have at least one.

Home freezers, used in just 13% of households in 1961, reached 57% in 1987. Their growth potential may be limited by the fact that a third of Canadian households are in apartments or flats where space is at a premium. As well, the size and effectiveness of freezer compartments in refrigerators have been improved over the years, reducing the need for a separate appliance.

Cable television distribution systems are in use in 67% of our households, up from 40% in 1975. Pay TV, recently introduced in Canada, was found in just 10% of households in 1986. Will it be the next "luxury" item to make the "necessity" list? Or will it be home computers, which reached the 10% level in 1986 too?

Location Is Very Important

The Oakville home furnishings retailer couldn't believe his good fortune. He found a vacant store located just one street away from his existing outlet, where the rent would be 30% less. So when his lease expired, the owner-manager lost no time in setting up his new shop, only to experience the shock of his life. Sales plummeted by 40%. The new store, just one block away from the old location, nevertheless was too out of the way. There simply was not the same flow of shoppers passing by.

As this unlucky Oakville merchant discovered, give short shift in your planning to location, and you're courting disaster. "The three most important factors in determining the success or failure of a small business are - location, location, location," remarks Geoffrey Hale, a former executive with the Canadian Organization of Small Business and now a

consultant to small business with the Ontario Ministry of Industry, Trade and Technology. "Your location is absolutely critical not just in retailing, but also for service industries."

Generally speaking, a shopkeeper should seek a location appropriate for his or her type of business, one with reasonable rent, good visibility, high consumer traffic, and ample access to parking. The nature of your business or service goes a long way in determining precisely where you should locate.

"If you're running a discount retail operation, the place to be is in the area of other discount retailers," explains Hale. "You don't want to be opposite a store like Creeds. By the same token, if you're a top-end retailer, you don't want to be located in a plaza that has seen better days."

These days, it's probably better to be situated on main street than in certain

prestigious shopping malls. The "common area" or supplementary costs in some malls (The Eaton Centre, for instance) can actually be more than the base rent, according to John Gillespie, President & CEO of Goliger's Travel Agencies of Toronto.

Gillespie, who previously headed the Pizza Pizza fast-food franchise, maintains that, "site selection for small businesses is everything." He would personally inspect and approve all real estate transactions for Pizza Pizza to ensure that the outlets met the company's exacting requirements. "For the most part, small business owners don't spend sufficient time in picking the right spot. You have to make sure there's enough parking and that the location is convenient for the customer," says Gillespie.

Regardless of your business, there is one cardinal rule to follow. If you pay more than 10% of your gross revenue on rent, you're probably paying too much on rent to attain the profits you want.

Professional Women Meet Feb. 23

The Toronto East Business and Professional Women's Club will be holding its next dinner meeting in Scarborough, on

Thurs. Feb. 23rd, from 6 p.m. at the Toronto Sheridan East Hotel & Tower (formerly) the Wharton Renaissance

Provincial Funding For Barrie General Tire Plant

The Ontario government will provide funding toward the \$159 million modernization and expansion of General Tire Canada Inc.'s plant in Barrie, Ontario Premier David Peterson and Minister of Industry, Trade and Technology Monte Kwinter have announced.

"This announcement represents the culmination of a year of joint planning by General Tire and the provincial government. Ontario's assistance will total \$14 million towards this two phase modernization," said Mr. Kwinter.

Premier Peterson joined General Tire officials at the ceremonies in Barrie marking the expansion announcement.

Employment at the plant will increase from 900 to 1,000 in the early 1990s, and boost total production to approximately 19,000 tires per day over the same period.

Ontario's allocations will

be comprised of an \$115 million repayable loan plus a forgivable loan of \$2.5 million towards training costs.

This investment is part of an overall strategy of the Ontario government to help the Ontario tire industry capitalize on its growth potential. Last May, Goodyear Tire received a \$32 million loan toward the construction of a \$320 million radial passenger tire facility in Napanee.

Metro Board Of Trade Policy Submissions

Better Access to Toronto Island Airport

Submitted to: David Crombie, Commissioner of The Royal Commission on the Future of Toronto's Waterfront. By: Transportation Committee. Date: December 14, 1988.

Former Toronto Mayor David Crombie is heading a Royal Commission established by the federal government to examine the Future of Toronto's Waterfront. One of the first items of business will be a full investigation of the Toronto Island Airport.

Toronto Island Airport is one of Canada's major business airports that connects Toronto's downtown with a number of Canadian and U.S. cities. The airport should be retained and its operations improved. To do this, the board favours the construction of a tunnel to provide direct access for shuttle buses and service vehicles.

Extend GO Service to Pearson Airport

Submitted to: The Hon. Ed Fulton, MPP Ontario Minister of Transportation. Copies to: Premier David Peterson; Gardner Church, Deputy Minister for the Greater Toronto Area; and Chern Heed, Pearson Airport General Manager. By: Transportation Committee. Date: December 14, 1988.

In the letter, the board points out the need for much improved transit to the airport. Many of the world's major airports are connected to cities by fast, efficient rail service. The board urges the province to extend GO Rail on an available rail spur into the airport to connect with a future inter-terminal transit system. This represents a practical, low cost additional transit service to the airport separate from the congested Metro road system.

Board Seeks Better Road and GO Service

Submitted to: John Bower, Commissioner of Planning for Metropolitan Toronto. Copies to: The Chairman and Members of Metro Council. By: Transporta-

tion Committee. Date: December 14, 1988.

Congestion in downtown Toronto is serious and becoming worse. Therefore, as Metro addresses transportation directions for the next five years, the board stresses that the official plan review give equal consideration to road and transit improvements. Extended rush hour periods and the associated parking prohibitions must be observed and enforced.

Service sector jobs are increasing, and since these jobs imply a greater reliance on vehicles, more capital must be spent on roads. GO Transit carries a significant portion of the commuting population and continued expansion is necessary and should not be limited as suggested in Metro's review.

Tort Reform and Auto Insurance

Submitted to: The Hon. Ian Scott, MPP, Attorney General for Ontario. Copy to: The Hon. Murray Elston, MPP, Ontario Minister of Financial Institutions. By: Insurance Committee. Date: December 14, 1988.

In recognition of the continuing concern in Ontario with the cost of automobile insurance, the board recommends a number of measures of tort reform which, if implemented, would give relief in this area. Included in the measures are the following recommendations: that amendments be made to the Courts of Justice Act to permit mandatory structured settlements; that pre-judgement interest run from the date of occurrence, provided the plaintiff's medical records are made available to the defendant as soon as possible; and that legislative reform is needed in the area of collateral benefits to eliminate double compensation to the injured party.

Bill Watt's Worlds

ON YOUR TOES:

The National Ballet was star crossed with its second presentation of the current engagement at The O'Keefe. What, after all, could possibly follow the emotional highs of Veronica Tennant's final performances with the company?

A premiere performance of Glen Tetley's Daphnis and Chloe probably seemed like a good idea. However, it's not long enough to fill an entire evening and too long to be part of a program of three short works. It goes without saying that it could not be an opening work; premieres must always be at the end of an evening in order to linger in the mind and emotions of the audience. So the choice to open was George Balanchine's The Four Temperaments.

It is an exquisite work but cold. There is little emotionalism in it. While it follows a thin pretense of illuminating aspects of the human character, it remains a work of disciplined movements unrelieved by any sign of emotion... rather like an English tango as opposed to the Latin-American.

The National's production seemed like little more than a rehearsal for an Agnes DeMille work. (On reflection, Miss DeMille's Oklahoma! burst upon the scene in 1943; The Four Temperaments was first performed in 1946. Who influenced whom?)

The usually dynamic Kevin Pugh seemed to be holding back. That's perhaps understandable; another injury could shorten his career. Still, one must confess disap-

pointment.

Kim Lighthouse was partnered with Raymond Smith. She was radiant but he was curiously bloodless, as if drained after his pyrotechnics with Veronica Tennant.

John Alleyne brought the work to life and the audience back to alertness with the dynamism of his grace and Gizella Witkovsky kept the emotions rolling with her solo in the Fourth Variation; Choleric. Even so, we found ourself longing for the splendid savagery of Linda Maybarduk.

Gary Arbour's piano work was excellent as always and Conductor Michael Barrett did the best he could with the ridiculous and cacophonous score of Paul Hindemith.

And The National did its excellent best with The Four Temperaments. On another occasion it will likely work. It simply didn't this time around.

The evening was triumphantly carried by Glen Tetley's Daphnis and Chloe. It is a lyrical work to the music of Ravel and the design of Willa Kim. Briefly and for those who might be unaware, it is the classic story of young love overcoming the restraint of immaturity to realize the true meaning of love. It's not Coming of Age in Samoa but rather an awakening to the delights of the senses as given to us by The Creator.

Rex Harrington and Kimberly Glassco danced the title roles and did so beautifully. Why not? they are a beautiful couple. Mr. Harrington indeed, is almost too good looking and his early dances with Miss Glassco have rather too much of the ethereal about them. She seems eager, he seems not so much hesitant as unwilling. Mind you, that's acting and has nothing to do with the superb technique of their dancing.

As Pan, Kevin Pugh lacked the devilment that the role demands but again, he might be dancing cautiously.

Daphnis and Chloe and ultimately the evening belonged however to John Alleyne and Karen Kain as Dorkon and Lykanion who teach the young lovers the delights of carnality.

Mr. Alleyne's virility is never in doubt and Miss Kain's sexuality is astounding. We had seen hints of it in her Black Princess dancing but never anything as electrifying as her Lykanion. When the two dance together, the atmosphere becomes almost steamy. So high is the emotionalism that one almost overlooks the intricacies of the footwork.

Enchanting work too by Jennifer Fournier, Dominique Dumais and Ronda Nychka as goddesses. A kudo as well to Pierre Quinn as a faun.

Daphnis and Chloe is an important new addition to the National's repertoire and one looks forward to seeing it many times. One's first viewing is such an overwhelming emotional experience that many viewings are necessary to appreciate all that there is to admire in it.

Well done Mr. Tetley and well done National.

ON RECORD: Three local musicians are presented here for consideration. The accompanying material, presumably to assist auditors like us, states that Mary Margaret O'Hara doesn't fit neatly into any pop music category. That's true enough but one could just as easily claim that she is uneven. That's our assessment after listening to her solo album.

Miss America (Virgin Records) features Miss O'Hara singing her own songs to her own arrangements and under her own production helm.

She has a lovely sweet voice and can seemingly do anything with it. Anything, however, should not be confused with everything which is what she attempts on the album. Listening from beginning to end one ends up not so much amused as vaguely annoyed.

On the first cut, To Cry About, she sounds not unlike Billie Holiday and one feels that she could swing some violets. But, Year in Song and Body's in Trouble which follow are little but screeching freneticism.

Then, there's Dear Darling where she could be Emmy-Lou Harris.

On A New Day she is joyous and almost evokes memories of western swing.

Then follows My Friends Have which is little more than musical hysteria. So it

Outdoorsmen Prepare To Get Hooked At Show Feb. 22-25

The 4th annual Ontario's Fishing & Sportsmen's Show prepares to set up camp at the Metro East Trade Centre in Pickering from Feb. 22-25.

Canada's largest fishing show features more than 150 exhibits with all the latest in fishing equipment, fishing tackle, boats, motors, fly-in camps and fishing lodges.

Of special interest to fishermen are the O.V. Real Fishing Seminars presented by General Motors Trucks featuring as host, Bob Izumi, Canada's renowned fishing expert.

Joining Bob for the seminars will be Wayne Izumi, Gord Pyzer, Rocky Crawford and Ron Agnew - all experts in their own right.

The seminars will cover topics such as: Tools of the Trade, Walleye Patterns, How to Find 'Em and Muskie Fishing Made Easy and Attention to Detail. Shows will run throughout the four day event.

There is free parking and admission costs are \$6 adults, \$4 seniors and students and children under 12 are free.

goes; achingly beautiful sounds that exhilarate followed by musical crapola.

Still, one would be a churl not to mention Keeping You in Mind. This is a beautiful late night piece featuring Miss O'Hara's soaring soprano complemented by a crying violin that is pure Joe Venuti. Compliments to Hugh Marsh.

One recommends Miss America - the title incidentally is pointless - as a listening experience and an opportunity to be in at the birth of what should be a major pop music figure. One also suggests that although the quality of Miss O'Hara's singing voice is beyond question, her use of it should be better channelled.

Confused? Well, you will

be when you listen to this album as we recommend that you do. But, you could also be exhilarated and maybe even exalted.

We accepted an invitation to the RPM Club celebrating the release of Carole Pope's new video I'm Not Blind and her 12" single Nothing But A Heartache.

RPM is a club patronized by the demi-monde - that's better than calling at a waterfront dive - and it was filled upon our arrival.

The buffet was lavish if esoteric. There were hog jowls and champagne; oysters and beer and it was all delicious.

We mention the combination of foods as preamble to a brief review of the aforementioned single, released on the newly formed RPM

Be Prepared To Pay More To Enjoy

by Gay Abbate
 Be prepared to pay more to enjoy the activities and facilities provided by the City of Scarborough.
 As of June 1, it will cost more to sign up the children for swimming lessons, for adults to take arts and craft classes and for lessons in activities ranging from judo to badminton. Fees are being increased by 5% rounded off to the next dollar or a flat \$4.

This additional charge will net the city an extra \$174,600. This amount reflects the increased cost to the city in providing these programs.

Rental charges for tennis courts, community centre halls and ice rinks are also going up. There is no increase in charges for use of pools or recreational skating, however. The increase is 4.7%. It will generate an extra \$116,100 in revenue for the city.

Centennial student Lisa Ampaya canvasses Student Council President Joe Braini for the Heart and Stroke Foundation of Ontario. Centennial College and Scarborough Campus have challenged each other in the Labatt's Tally Rally on Feb. 27th to raise funds for the Foundation.

Day Tripping Through Prince Edward Island

by Kumari Campbell

Snugly tucked into the southeastern corner of Prince Edward Island, is the area that calls itself "The Island's Quiet Corner". Although quiet in the sense of being away from the hustle and bustle of city life, the southeast certainly has no shortage of attractions and activities for visitors in the area.

Heading east from Charlottetown along the Kings Byway Scenic Drive, you can step into the past momentarily by visiting the late-19th-century restored rural crossroads community at Orwell Corner. Farther east, at Point Prim, you can climb to the top of the island's oldest lighthouse, still in use today, and view the magnificence of the island's southern coast. Lush green farmland etched by the warm waters of the Northumberland Strait.

A most interesting activity indeed can be found at the Holy Trinity Church in Georgetown. Here you can make your own brass rubbings from facsimiles of brasses from English country churches.

For the nature buff, Grandview Aviaries is an interesting stop especially for families with children. Kids and adults alike will be enchanted by the exotic species of birds such as peacocks and rheas, as well as the collection of friendly farm animals that love to be petted.

At the Buffaloland Provincial Park, non-native buffalo and deer graze contentedly. And at the nearby Harvey Moore Wildlife Management Area, bird watchers will discover a sanctuary for migrating wildfowl and ponds for trout fishing.

There are also several other popular fishing holes in the area; just ask the friendly residents! And for the impatient or amateur fisherman, a guaranteed bite everytime awaits at Ben's Lake in Bellevue, a private lake stocked with rainbow trout. For a touch of the exotic, join Captain Gary Herring of Murray River on a cruise that will take you past frolicking seals and colonies of cormorants, blue herons, sea gulls, arctic tern and if you

are in luck, even the occasional bald eagle.

Deep sea fishing charters are available at Launching and Newport for those who would like to try their hand at catching dinner on the open ocean, but should you decide to take the easy way out, clams are free for the digging almost anywhere along the South Shore.

In the mood for some entertainment perhaps? The historic King's Playhouse in Georgetown offers professional repertory summer stock. To add a touch of romance to your evening at the theatre, why not try the theatre/cruise package offered by Cruise Manada of Montague. Or you may wish to cruise Northumberland Strait aboard and schooner Mirana that sails out of Wood Islands.

The southeast does not lack for crafts either. Several accomplished pottery studios are located along the south shore. In Gaspereaux you will find a studio specializing in imaginative wood crafts and in Valleyfield, a unique studio that crafts sheepskin and wool-felt produced from home grown sheep.

In Murray River, congenial toymaker Al Shumate, the jolly elf himself, will charm the kids with a tour of his Toy Factory. Murray River is in fact, a quaint little community that has become a craft village.

Many other craft shops dot the area; one of particular interest is the old Cardigan Railway station that now houses a co-op craft centre featuring a variety of professional quality crafts.

Several restaurants, ranging from distinctive to the ordinary, are available in the area as are the island's popular lobster suppers. Or make your own picnic at Fantasyland Provincial Park, while the kids play among statues of their favourite storybook characters. Accommodations of every type and description abound: from the handsome Brudenell River Resort (with a world class golf course), to cosy farm vacation homes and country bed & breakfasts; from motels to cottages and campgrounds. The choice is yours.

Scenic; yes. Quiet; yes. But dull; never! In fact, you may want to stay in the Scenic Southeast for several days and take more than one day-trip!

Score a hole in one on P.E.I. The island boasts some of the best golf courses in Atlantic Canada, and the Brudenell River Golf Course in Eastern P.E.I. has recently been acclaimed one of the finest courses in North America. All eight 18 hole courses and three 9 hole courses are situated in picturesque surroundings, providing added attraction to golfers. Visitors are always welcome at Island golf courses and green fees are reasonable. And you don't have to fight traffic to get to the course of your choice! All Island courses are accessible by good, uncrowded roads and are only a few minutes away from restaurants, entertainment and accommodations. In fact, two of the most challenging courses are located within two beautiful resorts that provide all the comforts of home and then some. (P.E.I. Canada, Tourism; John Sylvester photo)

Hong Kong — A Celebration for all Seasons

Children parade down the streets of Cheung Chau Island to celebrate another annual tradition, the Bun Festival. One of Hong Kong's most colourful festivals, it is held to appease the spirits of islanders murdered by pirates or killed by a plague.

Winter, spring, summer or fall — Hong Kong is a celebration for all seasons.

And more and more visitors from around the world, including Canada, are discovering this destination without an off-season. In fact, in 1988 Hong Kong hotels enjoyed an average 92 per cent occupancy, with the occupancy rate no lower than 80 per cent for any one month.

Tradition always in season

Although everyday is a reason to celebrate in Hong Kong with the variety of things to see and do — shopping for designer buys, dining in international restaurants, enjoying

the visitor attractions of old and new Hong Kong and viewing world-class sporting competitions — each month Hong Kong shows its true traditional colours with a series of Chinese celebrations.

At no time does this compact territory of the rural New Territories combined with futuristic skyscrapers in the central business district come more alive with the sights and sounds of its ancient Chinese heritage.

Each year, the celebrations begin with the most important festival in the lunar calendar — the Lunar New Year. Governed by the lunar calendar consisting of 12 moons,

Scarborough's Housing To Be Discussed Feb. 23rd

The Scarborough Chamber of Commerce presents a special chamber luncheon on the topic "Does Scarborough Really Have a Housing Problem?". The meeting will be held on Thurs. Feb. 23rd at The Howard Johnson Hotel, 40 Progress Court at 12 noon.

The guest speaker will be Dr. Frank A. Clayton, president of Clayton Research Associates, an economic consulting firm, specializing in real estate market analysis.

A graduate of the University of Wisconsin and Queen's University, Dr. Clayton is a member of the Economic Research Committee of the Canadian Home Builders' Association and Statistics Canada's Advisory Committee on Manufacturing and Construction Statistics.

Admission is \$20 for members and \$25 for non-members and non-reserved. For reservations call 439-4140.

Stop Housing Study

by Gay Abbate

Scarborough Council has ordered a temporary stop to its \$117,000 housing study which is supposed to be looking at how to increase the number of residential units in existing neighbourhoods.

Councillors expressed concern about the direction of the study after a presentation by the consultant a few weeks ago. The study is being done by the firm of Berridge Lewinberg Greenberg.

Councillor John Wardrop told council last week that the consultant is "selling one particular concept instead of debating the pros and cons of various options."

Councillor Doug Mahood said the consultant is "out of control" and should be stopped until after a

meeting with council. Council halted the study for one month so it could set up a meeting with the consultant to discuss the various concerns by councillors.

Mahood said the study is trying to justify the legalization of basement apartments.

The study is being funded by both the province and Scarborough with the city's share at \$33,000.

Public Forum Feb. 27th

Scarborough West MP Tom Wappel is holding a public forum on Mon. Feb. 27th at 7:30 p.m. at Bliss Carmen Public School, 10 Bellamy Rd. South.

Questions will be encouraged from the audience with former MP David Weatherhead acting as moderator.

Refreshments will be served. For information call 261-8613.

Refugee

Determination

The Toronto-Scarborough Presbyterian discusses "Refugee Determination: the New Act and The Churches' Response" on Sat. Mar. 4th from 10 a.m. to 4 p.m. at Cliffcrest United Church, 1 McCowan Rd.

Resource persons will include Elizabeth Klassen, Lawyer, Scarborough Community Legal Services; Linda Keeler and Sylvia Reynolds, Educators, Centre for Christian Studies, Toronto.

Registration will begin at 9:30 a.m. and the fee is \$2. Bring a brown bag lunch and refreshments will be provided. For more information phone 266-1806, 26-13085 or 975-0809.

The Year of the Snake

Most Chinese people view the coming of the Year of the Snake with apprehension. The Snake is not always what it seems and can twist and turn for both good and evil.

Have faith in your convictions when making shrewd business dealings and your efforts will not go unrewarded. Commerce and industry are expected to thrive this year, so be prepared for a lot of growth and change. The Snake will bring notable contributions in science and technology and a breath of life into the arts.

Torch Singers Of The '30's and 40's At McMichael

The McMichael Canadian Art Collection presents the fourth in its popular series of five Jazz Suppers, sponsored by the Upper Canada Brewing Company.

Guest artists Margaret Pacsu, John McLeod, and Michael Coghlan take the stage for Torch Singers of the '30s and '40s on Thurs. Feb. 23 at 7 p.m. at the gallery.

Over a supper of rare roast beef or smoked salmon sandwiches and beer, hear the music of and learn more about Ethel Waters, Helen Morgan, Libby Holman, Billie Hol-

day, Alice Fay, Josephine Baker and Mildred Bailey.

The whole evening, including supper, is priced at \$22 for members and \$25 for non-members. For reservations call June Cote at 893-1121. Visa, Mastercard and American Express are accepted.

The gallery is located just one half hour north of Toronto on Islington Ave., north of Major MacKenzie Dr. in Kleinburg.

Listening to it, one is reminded of hog jowls and champagne, oysters and beer. Miss Pope has a nice voice but it's not served well here. Neither were the hog jowls et al.

We haven't heard Jane Bunnett's In Dew Time (Dark Light Records) but we did hear the young lady recently in a live engagement at East 85th. She plays soprano sax and flute and makes both those instruments respond to the clarion call of jazz, both hot and cool.

One expects and hopes for her early return to East 85th (a charming club incidentally, with great food) so she can be enjoyed again.

The Central Regional "B" Championships were held at the Pickering Recreational Complex hosted by the Pickering Swim Club. There were 20 clubs competing with about 400 swimmers in attendance.

The winner of the large team trophy was the North York Aquatic Club. The host club, Pickering placed fourth. The winner of the small team trophy was the Markham Aquatic Club.

Christina Rajsic and Joanne Geddis of the Pickering Swim Club tied for the high point trophy for

the 15/17 year old age group. Christina won three gold medals in 200 free style, 100 and 200 fly and bronze medals in the 100 free and 200 I.M.

Joanne came through with a gold medal in the 200 IM and four silver medals in 200 free, 200 breast and 100 and 200 fly.

Graeme McBride competing in the 15/17 year old group won 2 gold medals in the 100 and 200 breast stroke.

Ben Kroetsch, 13 years old came home with 2 golds and a bronze in the 400 free, 200 fly and 100 free style.

Duane Frattini competing in the same age group won a gold competing in the 100 fly and placed fourth in 100 free and 100 breast stroke.

Mike Weber also brought home gold when he won the 200 IM in the 13/14 age group as well as a fourth and fifth place finish in 100 back and 200 breast stroke.

Jason Templeton had an eighth place finish in the 200 breast stroke.

Jackie Bosak 13 years old placed fourth in 200 back and 100 fly and had an eighth place finish in 100 back stroke.

Trevor Boudreau 10 years old competing for the first time at these championships placed fourth in 50 fly and had 3 fifth place finishes in 50 free, 50 breast and 200 IM.

Pickering's relay teams placed well at these championships. 11/12 year old girls Laura and Jaime Hargrove, Robin Lopez and Shannon Kemp placed fourth in the 200 free relay.

In the 13/14 year old girls free relay Karolina Nowakowski, Yvonne Ferns, Padia Lopez and Jackie Bosak placed eighth.

Jason Templeton, Duane Frattini, Mike Weber, and Ben Koetsch

won a gold in the 13/14 year old free relay.

Shane O'Neil, Howie Nason, Shane McNeil and Jeff Geddis placed third in the 13/14 age group bring-

ing home bronze.

In the 200 medley relay a gold medal was won by Mike Weber, Jason Templeton, Duane Frattini and Ben Kroetsch.

Centennial Rouge United Church

The Centennial-Rouge United Church Women met at the home of Joyce Helyar on Feb. 14th with 18 women present.

Mrs. Helyar, president, called the meeting to order and asked Doreen Burton to lead the group in worship, the theme being "Love".

The president then gave the study using a film of the Rev. Allan Boesak, chairman of The Council of Reformed Churches who described the problems of apartheid in South Africa.

General business was dealt with including the forthcoming Bake Sale, White Elephant Table and Tea which will be held on Sat. Apr. 29th from 10 a.m. to 12 noon.

At the conclusion of the meeting a delicious lunch was served by Mrs. Burton assisted by Mrs. Helyar.

The United Church women's meetings are held the second Tuesday of each month at 7:30 p.m. and all women are welcome to attend.

CITY OF SCARBOROUGH

IN THE MATTER OF THE ONTARIO HERITAGE ACT, 1974, S.O. CHAPTER 122

AND IN THE MATTER OF THE LANDS AND PREMISES MUNICIPALLY KNOWN AS PART OF LOT 2, CONCESSION V, SOUTH SIDE OF STEELES AVENUE

NOTICE OF INTENTION TO DESIGNATE
TAKE NOTICE that the Council of the Corporation of the City of Scarborough has decided to designate the land, house and building used as a workshop and barn, known municipally as Part of Lot 2, Concession V, south side of Steeles Avenue, as a property of historical and architectural value or interest under The Ontario Heritage Act, 1974, S.O., Chapter 122.

SHORT STATEMENT OF THE REASONS FOR THE PROPOSED DESIGNATION:
The Christian Reesor House is recommended as a fine example of an early Mennonite farm home of the type which were built in the area during the later nineteenth century. Few of these lovely homes still exist in the area. The Reesor home and its added buildings are constructed of V-groove board, something which is almost unique to the area in which these Pennsylvania Mennonites settled. This house is also unique in that it has maintained most of its original fenestration, with its glazing mullioned into 6/6 lights.

Notice of Objection to the designation may be served on the Clerk within thirty days of February 1, 1989.

DATED at Scarborough this 1st day of February, 1989.

Etobicoke Pepsi Ontario Swim Championships

Scarborough Swim Club very capably hosted the Ontario "A" Team Championships last week-end, Feb. 17th through 19th at the Etobicoke Olympium. Ontario's top 13 competitive swim clubs covering the province from Windsor to Ottawa and Thunder Bay to Toronto, each entered a team of 40 swimmers in this most exciting competition for Ontario's best age-group

swimmers. The age old rivalry between North York Aquatic Club and the Etobicoke Pepsi Swim Club was a neck and neck battle throughout the 3 day meet with EPS coming out on top by 13 points at the end of Sunday night's final relay events. EPS totalled 817 points, NYAC 804, with the Gloucester Swim Team from Ottawa taking 3rd

spot with 566 points. The Province's swimming future looks rosy indeed with such up and coming Olympic hopefuls as 10 year old Lisa Parwicki from EPS, winning all her events to capture that age group's high point trophy. Team mates Jenny Thompson, 15, and Mike Mason, 14, were also the top scorers in their age-group. Edith Lachapelle, a speedy 12 year old from Ottawa's Gloucester Club and Joanne Macar, 14, swimming for Hamilton Wentworth Aquatic Club were the high point trophy winners in their age-groups. Hamilton also produced the best 11 & 12 age-group boy in Garth Sindrey while London had a multi winner in Philip Beecher in the 10 & under category.

Top point scorer for the Scarborough host club was 12 year old Bob Hayes who took 2 first place medals in 100 & 200 backstroke events, placed 2nd in 400 freestyle, 100 fly and 200 fly and was 4th in the 1500 metre freestyle event. Ten year old newcomer to Scarborough, Bob Petrov swam to two 3rd place medals in 200 freestyle and 200 individual medley, a 3rd place in the 400 free style and a 4th place in 100 backstroke. Brian Guerriero, 14,

placed 4th in both his breaststroke events the 100 & 200 metres with teammate Curt Punched taking 7th place in the 100 breaststroke and 8th in the 200. Curt also placed 7th in the 13 & 14 boys 200 freestyle event. For the Scarborough girls team, Kerri Ford swam strongest in the 11 & 12 age-group taking a se-

cond in the gruelling 400 individual medley and three 3rd place medals in the 100 & 200 fly events and 200 individual medley. Alison Jones, a very promising 10 year old, placed 6th in her 200 breaststroke event. Jo Parody, 14, won points for Scarborough placing 5th in the 100 breaststroke, and 7th in the 200 breaststroke and 800 freestyle events. The next major meet for Scarborough Age-groupers will be the provincial Age-Group Championships, March 3rd through 5th.

Intramural Invitation Ice Hockey

On Fri. Feb. 10, Centennial College's R.L. Gunners travelled to Kitchener to compete in the Intramural Invitation Ice Hockey Tournament hosted by Conestoga College.

Their first game had them paired up against Georgian College. The R.L. Gunners struck quickly with two early goals and never looked back as they coasted to an 8-0 win. Paul Korn and Dan Pisani led the assault with 2 goals each.

The R.L. Gunners were brimming with confidence going into their quarter

final game against Lambton College. Unfortunately the Gunners were gunned down early and couldn't regain their stride as they lost to a smooth skating Lambton side by an 8-3 score.

Leading the way for the R.L. Gunners again was Dan Pisani with 2 goals. This ended the R.L. Gunner's hopes of a championship but they played with a lot of enthusiasm.

Bob Kamnitz, Paul Korn and Dan Pisani were the outstanding players for the R.L. Gunners in the tournament.

7th Annual Colt Invitational Boys' High School Basketball Tourney

The Championship was an all Etobicoke final, with West Humber "Vikings" defeating Martingrove "Bears" 44-34 to win the Centennial College Colt Invitational Basketball Tournament, Feb. 10 & 11.

West Humber, behind at the half by eight points, came on strong the second half to win the title. Top scorers were West Humber's David Fisher with 12 points and Chris Morgan from Martingrove with 9 points.

Cardinal Leger, Brampton, took the Consolation title with a 73-65 victory over West Hill, Scarborough.

Tournament All-Stars team included: Mark Eversley, Cardinal Leger; Jonathon Howell, West Humber; Mark Lewis, West Humber; Doug Scotchburn, Ajax; Chris Williams, Martingrove.

The Tournament's Most Valuable Player was Patrick Rhodd, West Humber.

You Have Pull!

North Yorkers pulling together can help control Hydro rates. All it takes is shifting heavy electricity use away from peak periods. When everyone uses a lot of electricity at the same time, energy peaks occur. We know when they're going to happen...sometime between 5pm and 7pm on winter weekdays. That's when stores, offices and factories are open...street lights come on...cooler weather and fewer daylight hours mean lights and furnaces are on longer...families are indoors using more electricity. Add all that to the usual supper time need for hydro and the peaks grow dramatically. By controlling these peaks, North York Hydro's bill for the power we buy from Ontario Hydro is greatly reduced...and lower costs to us mean better rates to you. Of course, you can't turn everything off between 5 and 7 each weekday evening...but by pulling together, there are easy ways to help reduce the peaks:

- load the dishwasher but wait until after 7pm to push the button
- turn on the TV only when you're ready to watch it
- switch off the lights in empty rooms
- use the clothes washer, dryer and other big appliances at other times of the day or on weekends
- whenever possible, SAVE IT TIL SEVEN!

Scarborough & Metro Councillors Get Together

Scarborough Council members and their counterparts at Metro Council got together at Metro Toronto Council offices at 390 Bay St. last week to enjoy refreshments and dialogue.

The politicians felt the need to get together and establish a liaison between the two councils in order to carry out the best job for the citizens of Scarborough.

Among those present (above) were: Maureen Prinsloo, Shirley Eidt, Scott Cavalier, Mayor Joyce Trimmer, Metro

Chairman Alan Tonks, Sherene Shaw, Marilyn Mushinski, Brian Harrison, Bob Sanders, Lorenzo Berardinetti, Edith Montgomery, Paul Mushinski, Ken Morrish, Fred Johnson, Ron Moeser, Ron Watson, Bas Balkissoon and Brian Ashton. (Photo - Bob Watson)

Scarborough Council Notes

by Gay Abbate

Scarborough Council has awarded the contract to provide the vehicles for the city's blue-box recycling program to Freeway Ford. The city will spend \$1.6 million to purchase 16 automatic loading recycling trucks. The city will be reimbursed for its outlay by Metro Toronto which is picking up the tab for the

blue-box program in an attempt to reduce the amount of garbage taken to landfill sites. Scarborough's recycling program is scheduled to start in June.

Scarborough Council has agreed to lease Metro Separate School Board some land in exchange for the board building the city a recreation centre. The ci-

Metro Toronto Council News

Emergencies And Hospitals

Metro Councillor Howard Moscoe presented a taped radio interview with ambulance and hospital personnel about the crisis at emergency hospital facilities on Feb. 14th to the Community Services & Housing Committee.

He said that hospitals can't get their act together and feels ambulance service must stop playing the hospital game.

Moscoe said that patients have died and more will die as a result of the "ambulance roulette" game being played by Metro hospitals. When ambulances have an emergency case they get sent from one hospital to another because the hospitals say their emergency division is full.

An official said that hospitals are trying to correct the situation and ambulance drivers have decided to ignore the one code which sends them to another hospital when one is busy.

Moscoe feels that the vast majority of emergency patients at hospitals are not in life threatening situations and feels procedures can be developed to handle ambulance emergency situations.

The matter will be dealt with again by the committee in two weeks.

Will Build Music Bldg

After a three and a half hour debate, Metro Council decided on Feb. 15th to rebuild the burned down music building at the CNE, providing the price tag doesn't go over \$2.3 million. This would include private funds raised by citizens in the amount of \$1.9 million.

Mayor Joyce Trimmer said it is puzzling how the dome stadium could get "lots of hype" but the music building doesn't get so much.

Represents Metro

Metro Councillor Bev Salmon has been appointed to represent Metro Toronto on the National Action Committee on Race Relations of the Federation of Canadian Municipalities.

Replacement

Metro Council has replaced Bryn Lloyd on the

Metro Toronto and Region Conservation Authority with John A. McGinnis. The move was necessary because Mr. Lloyd had completed six years which is the maximum membership allowed.

Waterfront Causeway

Abel Van Wyk, who was a candidate for mayor in Scarborough in the last election, brought to the Economic Development and Planning Committee of Metro his plan for a causeway to be built along the lake to connect Etobicoke with Pickering.

Mr. Van Wyk feels that this would reduce traffic on the 401 by 50%, eliminate the need for the Scarborough Expressway and bring profits to Metro Toronto.

He added that Metro is losing \$1 billion due to traffic congestion. The idea was sent to the Gardiner Expressway committee for a report.

More Taxis or Not?

Metro's Legislation & Licensing Committee heard delegates argue about the idea of increasing the number of taxis in Metro Toronto by 200 on Feb. 13th.

A Mr. Brown brought statistics to show that most cab riders were satisfied with the service but also said that for every 10 people now entering the city some 6 are leaving by cab.

Bob Hollow said taxi plates price shouldn't be increased and argued against having more taxis.

David Norman, speaking as a representative of individual taxi owners, said more plates should be issued. He said that some customers are dissatisfied but he gives good service and even Bell Telephone service people use taxis in downtown work using chits. He added that business was good in the taxi industry.

Delegate Rotenberg said he feels that there are 500 too many taxis. He suggested that a special licence be issued for handling wheelchairs in answer to Councillor Anne Johnston's query about whether the handicapped can get a taxi.

ty is to lease for 80 years 11 acres of land immediately north of L'Amoreaux Park for portables for Mary Ward Secondary School.

The board, in turn, will spend \$3.4 million to provide a community centre, playing field facilities (softball diamond, soccer pitch, football field, running track and stadium) and parking spaces for 650 cars. The recreational facilities are to be shared by the school and the city.

Council has agreed to install traffic lights at the Victoria Park Ave. and Holswade Rd./Sunrise Ave. intersection. Residents in the area have complained about the number of accidents. During the past three years there have been 21 accidents at the intersection which could have been prevented if there had been lights.

Traffic lights are also going up at Steeles Ave. and Ashcott St./Fenton Rd. and at the Victoria Park Ave. and Arncliffe Cr. intersection.

Council has approved a 1334.3 sq. metre (14,363 sq. ft.) expansion to Woodside Square Shopping Centre at Finch Ave. E. and McCowan Rd. This will bring the total floor area of the mall to 25,967.1 sq. metres (279,517 sq. ft.). The one-store expansion will be located adjacent to McCowan Rd. midway between Finch Ave. and Sandhurst Circle. It will include renovations to the food court area.

Scarborough Council has told a developer he has to build a \$125,000 low flow pump station which he claims is not needed. Joe Lebovic agreed to build the station in order to get permission to construct the Barchester Subdivision on Ellesmere Rd. at Morrish Rd.

He says the construction did not affect the water flow into the Centennial watercourse downstream, and the money could be better used donated to local hospitals. But the city said it has a legal right to protect the water rights of homeowners downstream.

Romantic Gold Jewellery For The Bride

As a bride-to-be plans her wedding day, there's nothing more exciting than deciding what she'll wear. For modern women, this season's fashion choices couldn't be more appealing and tailor-made for the romantic at heart.

Keeping in order with the pouf and pomp shown by most designers, "the latest bridal wear marks a return to the feminine form" says Suzanne Gould, Fashion Editor at *Modern Bride*. "Bridal gowns are romantic in spirit with new, modern styling

that's both feminine and sexy. The best looks combine the charm and coquettishness of movie star Audrey Hepburn with simple, striking details. Revealing strapless gowns and bare off-the-shoulder dresses with layers of petticoats are the trend, providing the perfect showcase for a dazzling piece of gold jewellery."

"Accordingly, this year's news in jewellery is real gold with a nostalgic flavor," says Ms. Gould. Each piece draws upon the romance of a bygone era with

a demure and girlish flavor. For the bride-to-be there is an assortment of pretty golden hearts and bows, all designed with a delicate touch to complement her all-over wedding day glow.

To decorate the ears, there are fly-away ribbons or the classic pleated bow tie adding graceful femininity to a ruffled neckline. For the sophisticate, a sweep of polished gold hearts that climbs the ear or a single bold gold heart accented with a dangling pearl makes a soft yet elegant fashion statement.

To adorn the wrists and neck, there are even more enticing jewellery choices. Perhaps an open heart pendant worn dangling from an intricately styled chain or a string of gold hearts to embellish a plunging neckline is just right.

For women who are celebrating a second marriage, the choice of attire is less traditional. In this case, there is an assortment of pins that are glamorous enough for the wedding day. Long a favorite among romantics is the candy box bow or stylized deco heart enhanced by an accent of amethyst or pink tourmaline. A gold pin can add dash to the lapel of a classic wedding suit or dazzle a high neck lace collar.

For a bride who wants to revel in the fantasy and romance of her wedding day, this season's wedding fashions are a dream come true. From the gown she wears to her bouquet of fresh flowers and gold jewellery she can express the special way she feels about herself — beautiful!

Spring Showers For Brides-To-Be

If you are giving a shower for a bride-to-be, colour it spring. When you send out invitations ask guests to wrap presents in pink. Then co-ordinate the table setting and menu in spring blossom colours on a white or pink tablecloth. You can use a trailing houseplant to add a touch of green and make tiny flower

basket decorations of baby's breath, miniature roses and pink satin or velvet bows. Add colourful items to your party menu to brighten the table and complement the theme.

Tea, of course, is the perfect beverage for an afternoon party. You can offer guests a choice of fragrant Earl Grey or the popular Orange Pekoe, or a light refreshing tea-based punch.

Here are some recipes that are as pleasing to the eye as to the palate. They don't need special culinary skills, just a little patience.

Snow Peas and Cream Cheese Canapes

Brighten your party table with these tempting morsels. Snow peas are light so you need less than half a pound to make 40 canapes. Select pods that are similar in size.

- 6 oz (200 g) snow peas
- 250g package cream cheese, softened
- 1 1/4 cup (50 mL) finely chopped watercress
- 1 tbsp (15 mL) chopped chives or green onion

Pinch of each, cayenne and salt.

Trim stems from snow peas and blanch for 1 minute in boiling water. Drain and rinse immediately under cold running water. Drain and pat dry with paper towels.

Make an opening in pods. Lay them flat on cutting board and draw the blade of a sharp knife along the edge of each pod on the curved side, leaving the curved ends uncut. Set aside.

Combine cream cheese, watercress, chives, cayenne and salt. Fill each pea pod with about 2 teaspoons (10 mL) of cream cheese mixture. Chill until serving. Makes 40 to 45 canapes.

Cucumber and Smoked Salmon Canapes

- 1 cucumber, about 12-inches (30 cm) long
- 1 2cup (125 mL) cream cheese, softened
- Dash of lemon juice
- Pinch of white pepper
- 3 oz (100 g) sliced smoked salmon
- 1 jar (2 oz./50 g) humpfish black

These attractive canapes make a colourful addition to your party table.

Slice unpeeled cucumber into 1/4-inch (5 mm) slices. Combine cream cheese, lemon juice and pepper, mixing well. Using a star tip, pipe cream cheese around edge of each cucumber slice or spread each slice with cream cheese. Cut salmon into 1-inch squares, then cut squares diagonally into triangles. Place a triangle of salmon on each cucumber slice. Top each with a tiny mound of caviar (about 1/4 tsp/1 mL). Makes about 50 to 60 canapes.

Rosy Party Punch

In keeping with today's trend to lighter refreshments here is a pretty party punch just right for an afternoon entertaining.

- 2 cups (500 mL) freshly made strong hot tea
- Rind of 1 lemon
- 1 can (250 mL) frozen raspberry juice, thawed
- Juice of two oranges
- 1 bottle (750 mL) sparkling white wine, chilled
- 2 cans (280 mL each) club soda, chilled

Steep lemon rind in hot tea and let stand until cool. Strain out rind. Combine tea, raspberry juice and orange juice. Chill.

Just before serving, combine the chilled base in punch bowl with wine and soda. Makes about 12 - 6 oz (175 mL) servings.

Strawberry Cups

Tiny cups of white chocolate filled with fresh liqueur-flavoured strawberries. Foil petit-four cases can be purchased at most specialty kitchen shops and in department stores. Enrobing chocolate is available at baking and candy supply stores.

- 4 oz (125 g) white enrobing chocolate

- 1 pint medium size strawberries
- 1 tbsp (15 mL) instant dissolving sugar
- 2 tbsp (25 mL) orange liqueur

Make chocolate cups a few days ahead. Melt chocolate over hot, not boiling water. With a teaspoon or a pastry brush coat the inside of petit-four cases evenly with melted chocolate. Let cool until firm. Peel foil carefully away from chocolate. Store covered in a single layer in a cool place until ready to use. Place strawberries in a bowl, sprinkle with sugar and liqueur, and let stand 1 hour. Just before serving, place a strawberry in each chocolate cup and arrange on serving platter. Makes 20 cups.

Gifts Of Gold For Bridal Party Can Be Affordable

With the wedding season in full swing, brides-to-be all over the country are checking off a long list of last minute details and expenses such as choosing gifts for the bridal party. Finding a meaningful gift without spending a fortune for close friends and relatives that will share this very special day can be a troublesome task. If you're wondering how to find a beautiful keepsake on a budget, don't despair. Today there are many charming gifts in karat gold that will be treasured for years without breaking you now. Manufacturing techniques such as hollowing, stamping and hammering have enabled designers to create fashionable gold jewellery items with price tags that are within everyone's reach.

When buying gifts of gold for bridal party members, consider individual personal style. For women who like feminine frills and romantic clothing, delicately designed jewellery is best. This season, there are exciting new items fashioned after the Victoria era, emulating lace and em-

brodery. For example, dainty drop earrings with tiny hearts of gold or flyaway ribbon earrings are gifts choices that also work hand in hand with the dresses many bridal parties will be wearing.

For women who are always the first with the latest, gold jewellery that is streamlined, with modern geometric edges is a perfect "thank you". There are gold hoop earrings, one of today's most important fashion statements, in a multitude of styles. The new gyroscope hoop mixes rings of 14kt gold and onyx or mother-of-pearl and look sensational with summery off-the-shoulder knits.

For the men in your wedding party there is a wide selection of inexpensive gold accents that will be a timeless remembrance.

Classically designed tie tacks, collar and tie bars add panache to the formal wedding attire he'll wear as well as a summer suit or casual outfit. There are also a variety of affordable and whimsical gift items including a money clip, keyring, even paperclips and toothpicks made of gold.

Karat gold jewellery is a gift of intrinsic value of everlasting beauty. To be sure you're buying the "real" thing, shop at reputable jewellery or department store and remember to look for the karat mark stamped on each piece. Even if you are shopping on a limited budget, there

are fashionable gold jewellery gifts to give the members of your wedding party, which will be a lifelong memento of your special day.

WHAT TO DO FOR HER

Four to six months before the wedding.

- Decide what kind of wedding you want, where it will be (church, synagogue, club, picnic hall, or home) and how much you can afford to spend.
- Pick the site and visit with the officiating clergyman. Fix a date and a time. Ask whether you may select your own scriptural readings, or write your own marriage ceremony.
- Decide on attendants, wedding guests and how many will be invited to the reception.
- Arrange a place and time for the reception following your wedding.
- Talk to the caterers, florists, musicians and photographer about your wedding and reception requirements.
- Enroll with the bridal consultant of your favorite store to select your wedding dress, veil and accessories; your attendants' outfits (these usually take 8 to 10 weeks for delivery); and register your china, crystal, silver and other patterns.
- Buy the wedding rings.

Two months before the wedding:

- Complete your flower orders for both ceremony and reception.
- Order invitations and personal stationery.
- Plan your honeymoon trip.
- See your doctors and dentists.

One month before the wedding:

- Mail your announcements and glossy photographs to the newspapers.
- Write thank-you notes for shower gifts.
- Invite relatives, friends, and your minister or rabbi to the rehearsal dinner.
- Check acceptances for the wedding reception and have a second consultation with the caterer, the florist and musicians.
- Plan accommodations for out-of-town guests.
- Order your wedding cake.

One week before wedding:

- Plan the details of the rehearsal and brief all of the attendants.

48 hours to go:

- Pack your travel bags with all essentials including going-away outfit.
- Attend the rehearsal and dinner.
- Get your hair and nails done the morning of the wedding.
- Calm down your parents—and relax.
- Don't forget the rings—and look forward to a happy honeymoon.

Queen's Park Report

from Norah Stoner
MPP Durham West

Important legislation which protects farmers from nuisance lawsuits over noise, odour and dust was one of five agricultural bills to recently receive final approval in the Ontario Legislature.

Under the Farm Practices protection Act a board will be established to hear complaints by individuals about odour, noise or dust from farm practices.

"I can not stress enough how important the act is. It is a balanced law that establishes the freedom our farmers need to carry on a basic and essential work - food production. This traditional right to carry on proper and accepted farm practices is being challenged increasingly by rural residents who complain about neighbouring farming operations," said Agriculture Minister Jack Riddell.

It is important to note that this so called "right-to-farm" legislation does not give farmers the right to pollute. An underlying principle of the Act is the requirement that farm practices continue to comply with other provincial legislation such as the Environment Protection Act and the Pesticides Act.

Another key piece of legislation receiving Royal Assent was the Farm Implement Act, which gives farmers significant new rights, such as the provision of emergency repair parts, standardized sales contracts, and minimum warranties.

The Act, which some would call a Lemon Law, also provides for repair or replacement of a new farm implement which fails to perform during its first 100 days or 100 hours of actual use. It also provides for a formal process to resolve problems encountered in the sale, service, maintenance, safety and warranty of farm implements.

Both pieces of legislation were developed after extensive consultation with all those groups that are affected by the provisions of the new laws.

These two bills, along with the Agriculture and Horticultural Organizations Act and amendments to the Grain Elevator Storage Act and the Farm Products Containers Act, are major steps forward for farmers in Ontario.

Copies of the new agricultural Bills can be obtained by calling my constituency office at 683-6707.

NORAH'S NOTES:

Students at Dunbarton High School in Pickering who are active in the prevention of impaired driving have been awarded a \$1,000 grant under the Ministry of the Attorney General's "Arrive Alive" program. The program was established in 1988 as a key component of the Ministry's prevention strategy against impaired driving.

The Ministry of Transportation has expanded service at selected driver examination centres. The move, which includes Saturday testing, is in response to the large increase in the number of road tests requested by members of the public. The driver examination centres on Thornton Road South in Oshawa and at 773 Warden Avenue in Scarborough are among those now open on Saturdays.

For more information on these March Break Camps, call the Recreation Dept. at 686-4444.

GIANT FLEA MARKET

Sir John A. Macdonald Public School is holding a giant flea market in the school gym, 777 Balaton Ave. on Sat. Mar. 4th from 9 a.m. to 1 p.m. Tables will feature white elephants, books, baking, bazaar items and refreshments. There will also be raffles for a numbered print, "Fountains of Love" by Trisha Romance, a \$50 dinner for two at Liverpool House and a Natural History of Canada coffee table book courtesy of Coles. Draws will be held at 12 noon.

A school table will sell donated items, and individuals may rent tables for \$20. For booking a table, donating items, or purchasing raffle tickets call Paul, 839-8617, Jacqueline, 839-2433 or the school, 839-1159.

Q. Can you tell me anything about an old quarter I found in my grandmother's back. It has a design of cupids and hands on the back. M.S.

A. The item you describe sounds like an early type of novelty coin which was extremely popular in the 1880's and 1890's. Antique jewelry collectors and coin dealers call them "love tokens". Commercial jewelers made love tokens by taking a silver coin, such as a dime or quarter, and removing the design from the reverse side. A new design was then engraved using hearts, cupids, or cherubs coupled with initials and sometimes a presentation inscription. After completion of the artwork the coins were fixed with a loop or a hole and punched near the top so they could be strung on a chain and worn as a pendant which a young man would present to his lady love as a token of his affection.

There was a nationwide craze for love tokens beginning around 1880. Commercial jewelers kept scraped coins on hand so they could fill a customer's order while he waited. Each love token is an original as far as the engraving is concerned and, in most cases, is worth more today than the coin would be worth if it had been left unaltered.
