

Low Water Level Hits West Rouge Supply

Officially Open Ajax And Pickering General Hospital

Mr. K. D. Morley of the Directors, left and Mr. R. D. Thompson, right, chairman of the Ajax and Pickering General Hospital, Board, watch as the Lieutenant Governor of Ontario, the Hon. Earl Rowe cuts the ribbon to officially open the new hospital, last Saturday afternoon.

About 500 persons attended the official opening of the Ajax and Pickering General Hospital on Saturday afternoon. The new hospital was officially opened by the Hon. Earle Rowe, P. C., LL. D., Lieutenant Governor of the Province of Ontario.

Opening remarks were made by K. D. Morley, past chairman of the Hospital Board and Rev. P. Rosettis, pastor of St. Bernadette's Catholic Church, Ajax, who delivered the invocation.

Warden R. Francis of Ontario County was unable to attend the opening, because he had become snowbound.

Chairman R. D. Thompson,

told the crowd of dignitaries, elected officials, hospital staff and persons in attendance, he was pleased to see the dreams of many persons realized.

"We have been fortunate in always having a good staff, and wonderful support from clubs, WA's and the people generally, who live in our area", Mr. Thompson said.

Mr. Thompson then introduced two persons who had given a great deal of their time to the new building; Mr. Harry W. Newman, general chairman of the hospital building fund and George Robinson, chairman of the building committee and hospital board member.

Mr. Thompson said it would take a long time to thank everybody who helped to build the new hospital.

"Will all of you who helped, accept our sincere thanks and appreciation for a job well done", he said.

The benediction was pronounced by Rev. Dr. K. A. McKay. During the ceremony the Ajax and District Community Choir sang.

Following the official opening the official party and the general public made a tour of the hospital. Again on Sunday, several hundred persons toured the new building for the first time and special tours are being arranged for this week.

May Get Water From Metro Supply

The low water mark in Lake Ontario could be a real threat to the West and East Rouge water supply this winter.

Reeve Clifford Laycox said men were busy this week in an effort to alleviate the problem.

Mr. Laycox said that a man with rubber boots on, could now walk out 50 feet from the shore.

Engineer Paul Poulsson, in a letter to council said there was only 6 feet of water above the filtration bed at the present time, and if the water froze to the bottom there would be a serious threat to the supply being cut off at the source.

It has been suggested that the township negotiate with Metro, to tie in to their mains for a water supply.

Councillor Wank said council could no longer think in terms of cost, but should negotiate with Metro.

A motion was passed giving the engineer the power to take the necessary steps for such negotiations.

The large water storage tank holds only enough to serve the area for a 48 hour period.

 7. Mt. Zion United Church
 8. Kinsale United Church
 9. Brougham Municipal Bldg.
 10. Audley School
 11. Brock Road School

 15. Hilltop School

Council To Discuss Private Roads

Pickering Township Council, the Planning Director and the Engineer are to meet and discuss the matter of the private roads.

Councillor John Campbell suggested this be done in an effort to come to some understanding with those persons, roads, and who wish to add additions to their existing building or put up new ones.

There have been several requests from residents on the sandbars at Frenchman's Bay, in the past few weeks, to put on additional rooms, garages or boat houses.

At present they are unable to do so, because a bylaw prohibits council from granting such requests.

This is Urgent!

The Village of Pickering is urgently in need of someone to supervise and maintain the Village Rink. With cold weather approaching is imperative the Community Centre make some arrangement for this job. There is remuneration attached to the job. It is not a voluntary effort.

If you are interested, or if you know of any person else who is, please call Mr. Jim Pyette, or Barry Murkar at the Pickering News office.

Election For Pickering Village Reeve And Council Seems Likely

There may well be an election in Pickering Village on December 5th, for the offices of reeve and the four-man council.

Mr. Ab. Reeve has announced this week that he will seek the office of reeve, if there is an election called. He said he would not cause an election. Mr. Reeve would be opposing the present reeve, Ross Morrison.

The present councillors, Baz Kearney, Vic Dingley and Ron Watson have announced they will seek re-election. Mr. Will Hunt, well known in the village has announced he will run for a seat on council.

While they have not committed themselves, as far as we know, the names of Don Henderson and Clare Baleson have been mentioned as possible contenders for a seat on the council.

Lights For Fairport?

Clerk L. T. Johnston has been instructed to prepare a petition for the residents at Fairport, to determine if they want and are agreeable to the cost of street lights in that area.

Council have a letter from Mr. John Rawbon, pointing out the need of lights in Fairport. The clerk said it costs about \$150.00 per light.

Township May Have One Fire Rate Soon

Pickering Township may consolidate their fire rates into one rate next year.

It was agreed that the fire committee meet with the various fire departments to discuss this matter.

Councillor Harvey Spang did not go along with the suggestion.

He said that Brougham and Claremont now had good fire halls and equipment, and that he could foresee that under a one rate system, the Pickering Beach and South-west departments would be wanting new fire halls.

Fire chairman, Don Waring reviewed the present fire rates and said that basically they were very close. He said it was figured that if a single fire rate was established, it would be about 2.7 mills.

Councillor Spang maintained that Pickering Beach would be the area to profit by such a move.

Councillor Herb Wank said he felt there would be little difference from the present, if one rate was established.

Reeve Clifford Laycox said there are now 168 rates in the township and that some of the rates were going to have to be consolidated.

O. M. B. Reserves Decision On New Municipal Building

Two members of Pickering Township Council who some time ago, registered opposition to the construction of a new \$300,000 municipal building in the township, carried their argument right to the Ontario Municipal Board at a Hearing held in Brougham on Friday last.

Deputy-reeve Jean L. McPherson and Ward 2 Councillor, Wm. G. Newman were two of seven persons who spoke out against the project. A third party was an ex-reeve of the township and former county warden, Wm. Westney. The municipality was represented by solicitor James H. Taylor of Toronto.

The Hearing, that lasted for two hours, was conducted by chairman, Roy L. Kennedy, assisted by F. Gordon Blake. A decision will be handed down this week.

Mr. Newman suggested that in his opinion, the trend was toward the county system of control and noted, in respect to Pickering, that certain departments were already operating under county jurisdiction. He said he favoured such a plan. "We shouldn't burden the people of this township with a \$300,000 expenditure until we know where we're going", he said. He noted that by the time it is completed it might be obsolete. "I feel perhaps that it is pre-mature".

Mr. Westney pointed out that although the chosen site might be centrally located in respect to population, it was not central from a geographical standpoint. He noted too, that there was some talk of splitting the township. He outlined numerous duties and works that had been assumed by the County and he felt the trend would continue. He said that, in his opinion, it was not necessary to contain the staff of 40 employees in one building.

Mrs. McPherson said that although the decision to proceed with the new municipal building was approved by the council on a 4-2 vote majority, she suggested that those in favour were not necessarily voicing the wish of the electorate in their wards. "This is a problem for our ratepayers to decide and not just the council", she said. "It is the people of this township who will have to pay for it." She argued that the staff accommodation in the building at Brougham was adequate and only on rare occasions was the Council chambers taxed for room. As for the outside appearance of the structure she said looks are only "skin deep".

"We are elected to represent the ratepayers but I often wonder if some of these ratepayers are always in agreement with the majority of the

thinking of council". She added, "I feel that the ratepayers have a right to express their opinion and if they okay it, then I will go along with them on it".

Mr. Allan Lishman of Con. 2, said that no finalized decision had been reached on an exact location for the building. He charged too, that local architects were not given an opportunity to present a design on the proposed structure. He noted that the question of a township split made the project premature.

Luxury Structure

Mr. Walter Bergman, West Rouge, suggested that other more necessary building programs could be considered by the Council. "Can we afford this type of luxury?" he asked. "We need to plan for a sewage plant, not a town hall," he said. He argued that the trend was toward a centralized government control with the possibility that the areas of Bay Ridges, East and West Rouge might incorporate as separate municipalities. "We have put the cart before the horse," he said. He also urged a plebiscite on the question even if it meant the losing of financial assistance through the Municipal Loans Fund. "If I go out and find a hub cap for a Rolls

Our New Hospital

With the official opening of the Ajax and Pickering General Hospital last Saturday, a great number of people, especially those close to the project since its inception must have sighed with relief and at the same time felt a profound sense of pride in a job very well done.

As we toured this fine new hospital, we overheard a young man remark, "I wouldn't mind being sick in a place like this". In his own way, he was paying a genuine compliment to those who have toiled very hard to make this new hospital a reality. It is doubtful if a finer compliment was paid to this modern new hospital that belongs to all of us.

We would hesitate to single out any person or group for their effort in this hospital undertaking. Like chairman R. D. Thompson said at the official opening, we would like publicly to say thank you to all who helped in any way to make a plan become a reality of cement and stone.

Ajax and Pickering residents have every right to be justly proud of their new hospital. It is modern in every respect. It is bright and warm. There is comfort in the knowledge that if we have to go into hospital for any reason, we have a hospital equipped and staffed such as our new Ajax and Pickering General Hospital.

Again, hats off to all who participated in a very big job, very well done.

Something Should Be Done

Pickering Township Council has decided to sit down and see what can be done about a problem that has been coming before them rather frequently in recent weeks.

The problem is that of building and adding additions on buildings that are located on private roads.

It would appear that there are some cases where the existing buildings cover so much of the lot, there is no way of allowing further additions.

Council also faces the problem of allowing one individual to do something and then being faced with similar requests from all over the township.

It is more or less agreed that the township should try and take over the private roads. No new ones will be allowed.

We hope council can come up with a satisfactory solution, because it some instance it seems very unfair that a man cannot improve his property, if he so wishes. The people who are living on the sandbars on either side of Frenchman's Bay, it seems to us, are not interfering with anyone else in the township, and by being allowed to add to the value of their holdings are adding to the township assessment and also to the tax coffers.

Council members appear to be sympathetic to the problem of these residents. They are all people who are prepared to put their stake in Pickering, having come here from other places, and it just doesn't seem fair to us, that a man can't build a garage for his car or a boat house on his own property.

What About School Board?

Pickering Village may well be going to the polls one week from this Saturday to elect a new council.

However, while we hear talk about council, we hear not a word about the school board.

This seems strange, when it is education that is taking the biggest piece of the tax dollar. Maybe Friday night will be a different story but, up until this writing, you would not know that a school board existed here, at least as far as talk is concerned. This board is every bit as important as the council. Remember it is their nomination night too.

REPORT from PARLIAMENT

BY MIKE STARR
 M.P. ONTARIO RIDING

When the Minister of Health and Welfare made her statement in the House of Commons regarding the Canada Pension Plan, she dwelt on the provisions for adjustment to the present Old Age Pension. She announced at the Resolution stage, that the Bill itself would provide that all future old age security pensions will be pegged to the cost of living index and will increase automatically if living costs increase.

The Minister went on to say that the Government hoped that this will provide, not only a greater measure of security but will also protect the real value of the pension dollar for Canada's million-odd pensioners.

This sounded very noble and acceptable until copies of the Bill appeared. The Bill provides that the Canada Pension Act shall come into force on January 1, 1966. Payment under this Act will commence on January 1, 1967. The shocking provision for provision for present Old Age Pensioners is, that payments based on cost of living index will not be made until January 1, 1968. These will be based on the experience of the year 1967 only, on the basis that it will not be less than 1% and not more than 2%. What it means, in effect, is, that Old Age Pensioners cannot expect any increases until January 1, 1968. They could then receive an increase of 75 cents a month if the cost of living had gone up 1% in the year 1967. If the cost of living has increased by more than 1%, the Old Age Pensioners can expect an increase up to \$1.50 per month.

If the cost of living does not increase during the year 1967, then the Old Age Pensioners will not receive an increase.

This is a terrible blow to the Old Age Pensioners of Canada and a great deal of opposition will be exercised by the Members of other parties in the House of Commons.

The Leader of the Official Opposition announced in the House of Commons that his party are most desirous that a limited legislative program be completed before the end of this Session. He cited as the essential items in that program, the Canada Pension Plan, the Labour Standards Act, the Redistribution Bill and the Estimates. These matters, he said, ought to have top priority. By the Official Opposition was not prepared to pay, as the price for disposing of the flag question, the side-tracking of any of the legislative items which he had mentioned. Quite a number wish to express themselves on the new design recommended by the Committee and should be given that rightful opportunity.

A good crowd was in attendance at the "Tea Dance" held on Friday, November 20. This dance, held after school, was sponsored by the United Nations' Club. The annual "Saddle Hawks Dance" will be held on Friday, December 4. This is the dance of the year, where the girls have an opportunity to take the boys, and everyone dresses like "Mountain Folk". So—take heed girls, and catch yourself a fellow.

Parents' Night for Grades 10 to 13 was held on Monday, November 16. From all reports, the teachers certainly had their work cut out for them, in visiting with so many parents.

The members of the school choir, under the direction of Mr. Clark, sang at Pickering United Church, on Sunday evening, November 22., (and were much appreciated and enjoyed. Ed.)

The Senior Boys' undefeated volleyball team won five games to 0, against the team from Bowmanville, on Tuesday, November 17. And on Thursday, November 19, the same team defeated Dumbarton High School, 3 games to 1. The Boys' Volleyball teams are planning a trip to Cobourg for the C. O. S. S. A. Tournament in the near future.

The activities at P. D. H. S. may be summed up in several words—Everyone is Studying For Tests These Days—lots of them.

Dunbarton United Church Young People's Group, aided by some of the church ladies, and others, of the community, visited Fairview Lodge in the

Town of Whitby, over the end of the week. The Senior Citizens thoroughly enjoyed the evening's entertainment and the delicious refreshments provided. The Young People are to be commended for taking the time to think of others so

much older than themselves, and to bring them so much joy. Well Done!

Don't forget the Bowmanville Santa Claus Parade on Saturday, November 28, at 10.30 a. m. A wonderful way to spend the morning, and you will be home in time to see the Grey Cup Game.

Mr. and Mrs. Ted Falkner, of Sun Valley Park, entertained at their usual Christmas Party, for some of their friends in this area, on Saturday evening. Among those attending were: Mr. and Mrs. J. Brett; Mr. and Mrs. Doug. Moffatt;

Mr. and Mrs. L. Buss, and Mr. and Mrs. Earl Rowe, all reporting having had a wonderful evening.
Mr. H. Milway (father of Mrs. E. Joy), of Royal Road, is spending a week in Toronto, visiting friends.

Sorry to hear little Cameron Miller, Liverpool Rd. N., broke his leg last week. Hope he will soon be able to be out playing again.

Many of the residents in this area attended the Euchre Party at Glengrove School on Friday night, and had a most enjoyable time, besides adding \$14.50 to the Rink Fund. The Lady's High Prize was won by Mrs. Alberta Wonnacott; the Lady's Low, by Mrs. O'Hara; Gentleman's High, by Mrs. Ainsley, and Gentleman's Low, by Mr. Jim Gilles. Mrs. Ainsley also won the "Bologna".

We learned while visiting a friend in the Ajax Hospital, that Mrs. White, mother of Mrs. Gray, of Valley Farm Rd. is also a patient there. We wish her a speedy recovery.

While shopping in the Ajax Plaza last week, your correspondent met Mrs. Newth, a former resident of Royal Rd. She and her family are well, and she wished to be remembered to all her friends in the area.

Tom Harper, of Valley Farm Road, enjoyed a very happy birthday on Saturday. He entertained Mark Quinney, Terry Quinney and Tom Forsythe. They attended a movie, and then returned home for fun and refreshments. The day was made complete for Tom by the presence of his Grandfather, Mr. Fred Yates, of Toronto.

Those of us in this area who were fortunate enough to tour the new Ajax-Pickering General Hospital over the week-end, really enjoyed a treat. It is a most beautiful building, so modern and efficient, and so badly needed. It would almost be a pleasure to be a patient in the beautifully-decorated sunny rooms. Those of us who had a part in helping to raise the money for the hospital should be very proud. Even the contractor's did their part by donating the lovely fountain in the waiting room. The warm feeling of friendliness one experienced when a patient in the little hospital is one thing that cannot be built into the new one, but we sincerely hope it will remain a part of our hospital, large or small. It does much to aid the patient to a speedy recovery.

The Draw for the bulky-knit sweater in this column last week, sponsored by the Glengrove Parents' Auxiliary, now has three more prizes. So, if you purchase a ticket, you will have a much better chance to win. The additional prizes are: 10-pound turkey, donated by Stroud's Food Market; Two chickens, donated by Richardson's I. G. A.; 3-Pound Christmas Cake, donated by "Christies".

Mrs. Holton, Liverpool Rd., N., received a pleasant surprise last Friday evening, when her niece in Bay Ridges, entertained a group of her friends at a baby shower. Mrs. Holton received many lovely gifts and a pleasant evening was enjoyed by all.

Mr. and Mrs. Fred Harper and family, Valley Farm Road, visited Mr. Harper's cousins, Mr. and Mrs. J. Hogg and the family, of Cooksville, on Sunday.

Mrs. Stasia Maika, of Glenview Road, was hostess at a lovely farewell party on Tuesday evening, for her friend and neighbor, Mrs. Em. Judson. The Judson family have been residents of our area for several years, but have sold their home, and are leaving on Monday to take up residence on Gainsborough Road, in Toronto. They will be greatly missed. About thirty friends and neighbours attended, and presented Mrs. Judson with a hair-dryer, and a lovely pair of earrings as a remembrance. Lots of luck in your new home, Em.

So nice to see Linda Willis of Guild Road, back at school again after a lengthy absence due to a serious illness. Take things easy, Linda, so you won't miss more school.

Official Dedication Of The Christian Education Centre
Pickering United Church
Sunday Evening Last

Rev. Melville Buttars, Minister Pickering United Church presided over the Dedication of, and the Un-veiling of the Bronze Plaque, to be placed in a conspicuous place, of the now popular and much-used C. E. Centre, operated in conjunction with the original church.

A large number of members of the congregation, friends and visitors from neighboring congregations attended.

A formal service of dedication was conducted, by Mr. Buttars, assisted by members of the congregation, with Mrs. M. S. Chapman, un-veiling the

large plaque, then on display in the auditorium, and later to be placed in a suitable position on the building.

Rev. T. R. Norman, Ajax, Chairman of the Oshawa Presbytery, gave the address to the congregation, and a pleasant feature of the service, was the leading in the singing of a number of evening hymns, and the rendition of two choral numbers by the Pickering District High School Choir, numbering about eighty young people, under the direction of the School Music Supervisor, Mr. Allan Clark. The choir's assistance in this service was very much appreciated and enjoyed by all.

Mr. Norman, in his address noted that in the design of this C. E. Centre, that "Christian Education" was quite evident, as the leading and primary purpose of this building, that recreation and social activities, while essential today, came rather as a "secondary" consideration. The building is being used by a number of other groups in the neighborhood—groups which the organized Christian Church of today, considers of concern to the Christian Church of today.

Mr. Larry Conn, Industrial Commissioner, Whitby Addresses Kiwanians And Rotarians
Monday Evening

At their annual joint dinner meeting at Annandale Club, the Pickering Rotarians and the Dunbarton-Pickering Kiwanians heard Whitby's Industrial and Planning Commissioner predict "arduous times" for the so-called "Mississauga" district—that area from the Niagara frontier around the west end of Lake Ontario to Oshawa.

Mr. Conn is a former member of one of the municipal councils, west of Toronto, and there became interested in municipal planning. Being thereby closely associated with the area, its demands and requirements and the possible future, he has entered the field as a career. The compulsory study of all of this, makes Mr.

Conn an "authority" on the subject, and—what he sees for us in the next twenty or thirty years is far from comforting.

At the moment the estimated population of this Mississauga district is two and one-half million persons. By the year 1980 he expects to see a population of 5,000,000.

Five million is a lot of people for which to find employment, and feed. In this particular concern, he reminds us that "development" is taking away thousands of acres of the finest producing land in Canada, and recommends that control of some nature be exercised over developers who are "cornering" these farm lands, and thereby losing the productive properties of the same.

Another big concern with those studying and planning is "Pollution" of our fresh water supply by—industry and domestic sewage. At this very moment an acute problem is being faced in this matter—what will five million population do to it all?

A genuine regret is the shortsightedness of some municipal and governmental bodies, in not setting aside numerous lake front areas for recreational purposes—there isn't an area left between Niagara and Oshawa open to the public for recreation.

Housing, transportation, food etc. are among those matters of concern, with those who we look to, to find the solution to an inevitable situation.

Mr. Conn, naturally keeps the City of Toronto and Metro Toronto in mind, and regularly refers to the "Metro Shadow" or "Metro Sprawl".

Metro will continue to expand and we here, can look forward to difficult times, in the not-too-distant future.

**It Happened In
 The Lone Star State**
 (By Doug. Hortop)

Pouring down its rays in a basket of warmth, the sun beamed. There was much movement, excitement and colour as the huge, stately, black limousine proceeded down the street. Suddenly and without warning, thunder burst from above. The spirit of and aspirations of a great man and a mighty people had been pierced and shattered. The date was November 22, 1963. The place was the capital of the Lone Star State.

Dallas is a friendly, modern and progressive city in the southwest. The Texans have deep golden tans and short-sleeved white shirts are the order of the day. The southerners are proud of their past and of their opportunity to mold a future.

A tragedy struck a man, a family, a city, a state, a nation and a world. November 22, 1963 will be remembered; just as, December 7, 1941—the invasion of Pearl Harbour. In both dates, there was great surprise and great loss.

The late President, John F. Kennedy, was a man of dynamic magnitude. He was a profile of courage, a man to be

admired, a person to be followed. Mr. Kennedy was not only a leader of a country, but a leader of a life that God intended us to live. He is dead. He will never lead again. However, the ideals which the President practised, upheld and fought for, will always be a part of the world. Mr. Kennedy was a very religious man. He was the first Roman Catholic to become the top man in the U. S. A. When the people of the United States elected this man, they elected a man more than capable of expressing and sustaining the democratic way of life. This Democrat was for all men—rich or poor—black or white. The President was generous with his time and money. The salary which he received for holding the top position in government was given to charity. The late President was a bulwark of strength as can be seen from his actions in: Berlin, Cuba, Nato, U. S. Steel crisis.

Just as a lesson was learned from the invasion of Pearl Harbour, so a lesson must be learned from the untimely death of a great President. There are "Oswalds" throughout the world, in all countries, in all cities and towns. Men, such as Mr. Oswald, are leeches—they such the advantages of our way of life and give nothing in return. Who is to blame for the existence of these parasites?

DUNBARTON

The minister, Rev. Dr. W. A. McKay conducted the regular service on Sunday morning, assisted by Mr. Pitcairn, organist and choir-leader. The lesson was read from Daniel 4: 1 - 27. A lovely anthem—"Breathe on me Breath of God" was sung by the choir. Dr. McKay's sermon "A Vision of Chaos" was based on the text from Daniel 4: 14. These were the words of the Holy One as heard in the vision of Nebuchadnezzar. The book of Daniel tells of the four Israelites who were captured and trained in the courts of Babylon. The book was written so that the people who were meant to read it could understand it, but the persecutors would not understand. What does the book say to us today? It can say that we do not necessarily have to follow what the crowd does and lose our own ideas as Christians. How does the Christian religion apply to our times?

St. Andrew's Church

The service on Sunday morning was conducted by Rev. F. Conkey, Minister. Mrs. Marion McClement presided at the organ. The anthem "Be Thou Nigh" was sung by the Senior and Junior Chorus. The Scripture Lessons were: Psalm 50: 1 - 15, and 1st Cor. 12: 1 - 12. The title of Mr. Conkey's message was "The Steward", basing same on the text 1st Cor. 4: 2. "Moreover, it is required in Stewards, that a man be faithful". The Christian is called a Steward of God. Our Lord gave much teaching to the Stewards. There is responsibility in Stewardship. Jesus said "I no longer call you Stewards, I call you Friends". Paul calls them fellow-workers with God. We work with God as His children; share His work day by day. Let us be grateful of the opportunity of working with Him. God created us. He owned us. He bought us. He sustains us. Jesus paid our debt. We live more and have our being in Him. Our Master's rights must be conserved. As Stewards of the grace of God, let us say "We give Thee but Thine own, whatever that gift may be."—Corr.

TO THE EDITOR

Claremont, Ont.
 Dear Sir:
 I have been wondering when the singing of "God Save The Queen" at public gatherings went out of style? Is this a general trend, or is it only at Pickering District High School that the audience is not encouraged to participate?

LIONS SHOOT DECEMBER 5.

Contrary to an earlier report, the Rouge Hill-Pickering Lions Annual Turkey Shoot positively will take place on Saturday, December 5, say the Lions Officials. The only change is the location, which has been moved from the former Frenchman's Bay location, now over-populated for such activities, to Lion Bill Newman's West Farm, just above Brougham, on the Brock Road.

Low-flying astronauts have been warned to steer clear of the Brougham area on Saturday, December 5. Sportsmen and all out-door types, both men and women, who enjoy shooting and hearing the guns go B-A-N-G, will gather from near and far with freshly-oiled fowling-pieces and steady trigger fingers to take part in the competition.

This is perhaps the last chance this year to bring your favourite shot-gun into action, and it's too good a chance to miss. If you don't have a gun, one will be provided free of charge, with expert instruction. And if you're a spectator type, or even the arm-chair type, you can play with the rest and even win a plump Christmas turkey without even so much as hitting a gun to your shoulder.

And while you're having fun, you can be helping your Lions Club by assisting the various community projects, which include the Rouge Hills Community Park, the Ajax-Pickering Hospital Building Fund, Bus Shelters, Sight Conservation and free eye examination for students, other youth activities and Welfare.

Come on out December 5th, —11.00 a. m. till dusk—have fun with your gun and help the Lions.—Corr.

BAY RIDGES NEWS

Stories and Features from Bay Ridges By Pat Finn

Nov. 28th Last Date For Hockey Register

Saturday, November 28, will be your boy's last opportunity to register for the Bay Ridges Minor Hockey League. Registrations will be accepted between 8.30 and 11.00 a. m. in the Auditorium at Bayview Heights Public School.

A parent must accompany each boy. The season's fee is \$1.50, and the League is open to all boys between the ages of 6 and 16 years.

Few Tickets Left On Oil Painting Draw

There are still a few raffle tickets available for the beautiful oil painting being raffled off by the Ladies' Auxiliary of the Bay Ridges Recreation Association. Tickets are 25c. each or five for \$1.00, and available from members of the Association. A call to Win Barnes, at 839-2942, will arrange for purchase.

In addition to the oil painting, done and donated by Fred Thomas, the proprietor of the Chicque Hairdressing, prizes include a 20 lb. turkey, a yule log and a Christmas cake. The draw will be held on December 3, at the Auxiliary's Christmas Meeting, which is to take the form of a pot luck supper. The ladies will meet at the home of Mrs. Joan Duncan, 849 Grenoble Blvd. All women from Bay Ridges are welcome to join in the fun and activities of the group. If you would like to participate, call Mrs. Duncan, at 839-3212.

Movie Day Again On Sat. Nov. 28th

Saturday, November 28, is another popular movie day at Bayview Heights School Auditorium. A cartoon party will be featured along with another exciting chapter of the serial "Myka and the Tigermen". Please note the new hours for showings. Due to the ever-increasing popularity of the Saturday films, it has been decided to hold three performances at 10.00 a. m., 12.30 p. m., and 3.00 p. m. Admission is 25c. for the youngsters, and 40c. for adults.

Movies are sponsored and run by the Bayview Heights Home and School Association, and proceeds go for the Association's work, primarily school libraries in Bay Ridges. Additional help is needed because of the extra showing. A couple of men who would be willing to give a half hour to help control the line-up for the films would be appreciated. If you are willing to lend a hand, please phone Mrs. Webb at 839-4110.

Home & School For December Postponed

There will not be a December meeting of the Bayview Heights Home & School, and the Bazaar scheduled for December has been postponed. The event will now take the form of a "January Jumble", a repeat of last year's successful affair. Please mark January 29 on your calendar, and keep it open for this event. In addition to rummage, and white elephants, home-made candy and baked goods, hand-knit and hand-sewn articles, plants, doll clothes, used toys and books, there will also be a skate exchange and sale. If you'd like to help out—please phone Mrs. Betty Fletcher at 839-5934.

Ajax & District Choir At Hospital Opening

The members of the Ajax and District Community Choir were honoured to be invited to perform at the Opening Ceremony of the new Ajax and Pickering General Hospital last week. Due to the inclement weather however, the service was shortened considerably, and two offerings by the choir were not performed. The choir, under the direction of Mr. D. Karry, Director of Music, Public School Area No. 2, boast sixty-one singing members, and a most invaluable member, Mrs. Ruth Walker, organist and rehearsal accompanist.

The members have travelled from as far as Toronto and Bowmanville, to sing with the choir and play with the orchestra under the baton of Mr. Karry. The choir is a volunteer organization, and the only expense to the members is the cost of their music, and transportation to and from rehearsals, and performances. For the past three years, they have presented their year's work in the Ajax High School Auditorium, in May, to standing ovations. Last year, they appeared at the new Burlington Bandshell as the Choral Representation during the opening week celebrations. Their work has included such works as the "Messiah", by Brahms; "Mendelssohn's Elijah"; the "Brahm's Requiem"; Randall Thompson's "Alleluia"; "Vivaldi's 'Gloria'" and several similar works.

The choir is always ready to welcome new voices. Anyone who likes to sing or play an orchestral instrument, is invited to join them. Choir rehearsal is in Parkside School Auditorium, Ajax, on Tuesday night, at 8.00 o'clock. Orchestra Rehearsal will be announced later. The choir does not hold auditions—all they need is your interest, voice and presence. —Corr.

Municipal Building - Continued
Royce, does that mean that I will buy the car to go with it?" he asked.

"I as a ratepayer, like this building," he continued. "It's homey and cozy". If I go to a new building, I'd be afraid I might scratch the plush-lined furniture".

He suggested that the reason industrial interests had bypassed Pickering was because the tax rate was too high. "Instead of erecting a \$300,000 hall, how about lowering the mill rate a little," he concluded.

Mr. John B. Regan, West Rouge, said he feared the project would only mean another increase in the mill rate. "We may be building a monument to our stupidity," he said. He charged that the Hearing was not properly advertised.

Mr. Andrew Dand of West Rouge, agreed with Mr. Regan that high taxes were hindering Pickering's chances of acquiring industrial assessment.

Only Speculation
Reeve Clifford Laycox, outlined the various planning stages and controls that had been implemented in the township. He said that the talk of a township split was only speculation. He argued that a new municipal building would increase Pickering's chances of gaining industry and also increase the efficiency of the township's whole operation. He charged that interested industrialists were hesitant to enter the present building—a 100 year old structure that once served as a hotel.

Solicitor Taylor said that the township had a total of eighty-nine employees, but only forty of these would be accommodated in the new building since the remainder included police and firemen that are located elsewhere. He suggested that the staff of forty would likely increase as the Planning Department developed. He said that two sites were now available and owned by the municipality. He said that both were in the centre of the population build-up. With reference to the regional system of government, he argued that municipal control was still a very real thing. "I don't think we'll see the township disappear, at least not in my time," he said. "It is necessary to prepare for the future. He said that the issue had been debated at some length within the Council, and had been passed by them.

You wouldn't wear your summer clothes when the weather gets near freezin'...

But have you changed your drivin' style to suit the changin' season?

Winter driving is dangerous :: visibility is low during winter storms; stopping takes longer; and early darkness means more driving after dark.

TO AVOID WINTER ACCIDENTS: slow down :: keep your windshield free of ice and snow :: follow at a safe distance and remember to leave one window open a little at all times. If you have to stop in a hurry, pump your brakes, don't jam them and put your car into a skid. (Power brakes need gentle pumping.)

Congratulations to Gail Coupland, Brian Hobbs, Jim McKeckler, Wayne Morris, Elaine Vysick, John Webster, Leokadia Smiglicki, Kent Anthony, Lawrence Clarkin, Clare Harris and Don McKeckler.

We are sorry to hear of the illness prevalent in the area. The Bug seems to be getting around. Last heard, the Fitzgeralds, Dyson Rd. were all under the weather. Please get well everybody. We are glad to hear that Wayne Morris, Rosebank Rd., is back at school, and Hank Pardoel is back on

his feet.

Mrs. Jeanne Scott, Rouge-mount is over the shock she suffered when the brakes did not hold as she was pulling into the parking lot in front of the store last week. Before she managed to get hold of the emergency brake, she had knocked the gum machines into the drug store windows. It looked like quite a mess, but we are happy to report that no one was hurt.

Lorraine "Teddy" Reidema entertained several of her young friends last Saturday, Nov. 21 at a party marking, belatedly, her ninth birthday, at her home on Rosebank Rd. The Steward's spaghetti dinner at the United Church hall was a tremendous success in spite of the weather last Saturday. The stewards thank you for your support.

Award, Certificates and Diplomas. Among the winners were: Keith Wagar, Allyn Willard, Stuart and Christine Tyas. Congratulations.

Mr. I. Willard spent several days in Worwalk, Conn., last week on a business trip.

NOTICE TO THE PUBLIC

Canada Packers Limited is requesting consumers to immediately return KLIK Luncheon Meat with any of the following codes indented in the tops of the tins:

NO TINS WITH ANY OTHER NUMBERS ARE AFFECTED

Consumers in Ontario, Quebec and the Atlantic provinces who have purchased KLIK since September 14th and who are in possession of any tins bearing these codes are asked to immediately return them to their retailers for replacement or refund.

Tins embossed with EST 7A, EST 7B, or EST 7D are not involved as they were produced at other plants and are in no way affected.

The recall of these tins is a precautionary measure which has been taken because spice units, supplied to the Company and used in the production of KLIK Luncheon Meat at one plant, contained less than the normal quantities of one of the curing ingredients.

The effect of a smaller than normal quantity of this curing ingredient has not been clearly established by food scientists. KLIK is cooked during the canning process, however, curing ingredients are added in the spice mixture to assure its long-term keeping qualities.

The best scientific opinion indicates that the risk of impaired keeping qualities is small, but may exist. Therefore, there is a small chance that the product could deteriorate and might then cause serious illness if eaten.

All KLIK presently on retailers' shelves has been carefully checked by company employees to ensure that it is not from the lots in question.

RETAILERS—Your cooperation in accepting return of this product is requested. A Company representative will be contacting you.
